

LET'S BUILD CONSTRUCTION CAMP FOR GIRLS LICENSE APPLICATION FORM

Thank you for contacting Let's Build Construction Camp for Girls, Inc. ("LBCC") and for your interest in staging a LBCC-licensed camp ("Camp"). Please carefully read and complete this Application. If LBCC accepts your application, LBCC will provide to you a separate License Agreement to read and sign.

LBCC's mission is to ignite the spark within young women to explore the built environment through architecture, engineering, and construction (AEC) related careers.

LBCC is supported by the Construction Specifications Institute Foundation, Inc. ("CSIF"), a 501(c)3 tax-exempt organization that supports research, education, and scholarship related to the built environment and in alignment with the goals and objectives of The Construction Specifications Institute, Inc. ("CSI").

LBCC GOALS:

1. Establish a workforce development initiative that can be scalable to different geographical areas across the country.
2. Promote construction as a career choice for girls.
3. Encourage CSI members to actively participate in workforce development initiatives.
4. Improve relations with area career technical schools.
5. Partner with similar industry organizations to achieve strategic plan goals.
6. Garner support from state and federal legislators to invest in workforce development initiatives.

CAMP OBJECTIVES:

1. Provide girls with an opportunity to explore a career in the construction industry.
2. Create a safe environment for girls to experience construction trades through hands-on learning and building.
3. Introduce girls to the worlds of architecture, engineering, and manufacturing during construction-related field trips to area businesses.
4. Improve Camper self-esteem by teaching skills to solve and to complete challenging projects.
5. Inspire and mentor girls to understand that they have a place in the construction industry and that they can become successful leaders in the future.
6. Develop a stronger workforce for the future of the construction industry.
