

CUES LEARNING PORTAL

POWERED BY  degreed.

Accessing CUES Learning Portal via the Degreed App (Android)

To access CUES Learning Portal, via the Degreed app, please follow the below instructions

- 1 Download the Degreed App from the Google Play Store

- 2 Open the app and type in the generic email address: app@cues.org

All cues members will use this generic email address to direct you to cues.org where you will then login with your unique username and password.

- 3 When you open the app to login, you should be notified of the CUES Single Sign-On feature. *Click Continue*

- 4 From here, you will be directed to cues.org and will login with your username and password. *You may need to scroll down the view on your phone to see the login details. (see step 5)*

Grant access to connect your cues.org login with your degreed app

**After you've granted access, you may want to close out and reopen the app to fully connect. You may otherwise be directed back to the login screen.*

Grant access?

The Degreed Mobile Application is requesting access to use your Degreed account to:

- Add completed items to your collection
- Save items for later
- Make changes to your account via the mobile application

Do you wish to grant access?

Grant access

** Note: if you don't use the Degreed app in a 30-day period, you will need to resign in using the above directions.*
