

# Prisimm to Cvent Event Diagramming glossary

If you're familiar with Prisimm terminology, this glossary can help you quickly translate the most common terms into Cvent Event Diagramming (CED). In some cases, the name changes, but the core concept stays the same.

## Common term mappings

Prisimm term	Cvent Event Diagramming term	What it means
Hall	Floor Plan Library	The library of venue or property spaces available to work from.
Floor plan	Floor plan	A scaled, two-dimensional view of a space, including fixed elements like walls, windows, and doors.
Smart Floorplan	Floor plan	Larger spaces with multiple sections, such as ballrooms divided by airwalls, are still handled as floor plans in CED.
Floor plans	Diagrams	The layout of tables, chairs, and other movable objects placed on a floor plan.
Templates	Layouts	A saved diagram that can be reused to save time when setting up future events.
Event	Event	The event workspace where you manage diagrams, attendee lists, and related files.
Group	Favorite	A saved object or object arrangement that can be reused later. Favorites can be saved for personal or team use.
Collaborator	Collaborator	Someone you share a diagram with so they can view or help update it.
Object	Object	A movable item on a diagram, such as a table, chair, or podium.
Groups	Group objects	Multiple objects can be grouped together so they can be moved or edited more easily.
Rental Library	Rental catalog	A list of rentable furniture or equipment that can be added to diagrams.
Floorplan Settings	Swap floor plan	Lets you change to a different floor plan while keeping diagrammed objects in place.
Table numbers	Table numbering	Lets you define a numbering scheme and apply table numbers across a diagram.

Auto-Layout	Template	A fast way to place multiple tables and chairs on a diagram at once.
Template	Template preset	A reusable saved arrangement of tables and chairs.
Inventory List/Report	Equipment List	Automatically tracks counted items like tables and chairs as you build a diagram.
Private Collection	Catalog Management / Venue Catalog	Related objects and content are managed through CED catalog tools.
Virtual Catalogue	Interactive Floorplans	Interactive, web-ready floor plan experiences are handled through Interactive Floorplans.
Duplicate	Duplicate diagram	Lets you copy a diagram to save time when setting up similar work.
