

Your Profile

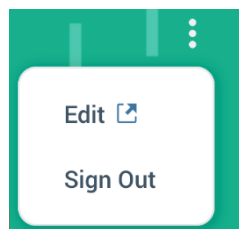

Much like Facebook or LinkedIn, your Share Plate account includes a profile, where you can perform a number of actions like:

- viewing your profile information,
- looking at your recent contributions,
- configuring privacy settings and email preferences,
- and more.

Edit your profile

It's not possible to edit your profile information and settings within the mobile app; however, tap the **vertical ellipsis** on the top right of the screen to view a menu with an **Edit** option. Tap this *external link* to navigate to your full Higher Logic community site to manage your profile.

Help resources that outline how to make edits to your profile can be found at shareplate.dietitiansaustralia.org.au/help
