

Celebrate and support local heroes that impact the health and wellness of the D.C. community

CALL FOR NOMINATIONS

NEVER UNDERESTIMATE THE POWER OF A GIVING INDIVIDUAL TO MAKE A DIFFERENCE IN THE WORLD

Do you know an individual whose inspiring or extraordinary acts have made the health and wellness of their community a better place? The District of Columbia Hospital Association (DCHA) seeks to honor the positive impact made by the silent, yet unsung, heroes of our communities at our Health Heroes Awards Luncheon on September 17.

These individuals are committed to serve and determined to improve lives of District residents. Through their selfless acts, they have touched, supported and impacted many lives. Health Heroes make a personal difference in keeping people physically and emotionally healthy. The common denominator for all awardees is their demonstrated passion, commitment and dedication to promoting healthy communities.

Eligibility

Individuals who make an impact to residents and communities within DC; are alive at time of nomination; agree to participate in media interviews and photo opportunities, with the nominee's information retained by DCHA for promotional purposes; exhibit high levels of volunteerism, service, contributions, etc. Nominees must go above and beyond normal daily work, through volunteerism, to make a positive impact on the health and well being of individuals and the city.

Judging Criteria

DCHA and its board/affiliates will conduct the initial screening of the nomination submissions, applying the award criteria. The nominations will be rated with the goal of one winner per ward. Judging will be performed by an anonymous judging panel appointed by the DCHA Chair. All decisions are final.

Recognition

All nominees and winners will be announced at the Awards Luncheon. All honorees, and their nominator, will be highlighted on the DCHA website, newsletter and other communications, and shared with local media and the honoree's employer (if applicable).
