

SPONSORSHIP OPPORTUNITIES

Your sponsorship support will allow IDEA to continue to advance the industry and sustain our success for cleaner, more efficient energy technologies for cities, communities and campuses, and continue to inspire the next generation of young energy professionals and informed government leaders.

The 113th IDEA Annual Conference will explore emerging technologies, encourage collaborative discussion and enable peer exchange to accelerate continued investment in district energy. The 2022 conference will bring together industry leaders, energy and environmental experts and business partners from around the globe.

Get your company in front of an informed, influential audience.

Select the Sponsor Level to best suit your needs.

Leadership. Inspiration. Vision.

IDEA Sponsors will help to support education and encourage new approaches for integrated energy in cities. A portion of sponsor proceeds will help underwrite participation of invited public leaders from cities, communities and institutions, including college energy and sustainability clubs.

Local Industry in Action.

Toronto features multiple district energy systems providing low-carbon, innovative and sustainable services to cities, campuses and communities. IDEA is planning tours to showcase local industry leadership.

Distinguished National Participants.

A pre-conference workshop on district energy microgrids will augment a robust technical program, drawn from experienced district energy professionals and carefully curated. In recent years, over 800 registrants participated from 18 countries and 330 different cities.

Global Industry Leaders.

The IDEA Annual Conference historically attracts global business leaders from dozens of countries and hundreds of cities across North America, Europe, Middle East, and Asia, sharing best practices in launching, optimizing and expanding highly valuable systems for world-class cities.

Technologies and Innovations on Display.

Nearly 100 leading technology suppliers, consultants and integrators share the latest in equipment and solutions in a relaxed trade show setting, perfect for cultivating new opportunities and collaboration. Refreshments, networking, gifts and raffles enable personal connections.

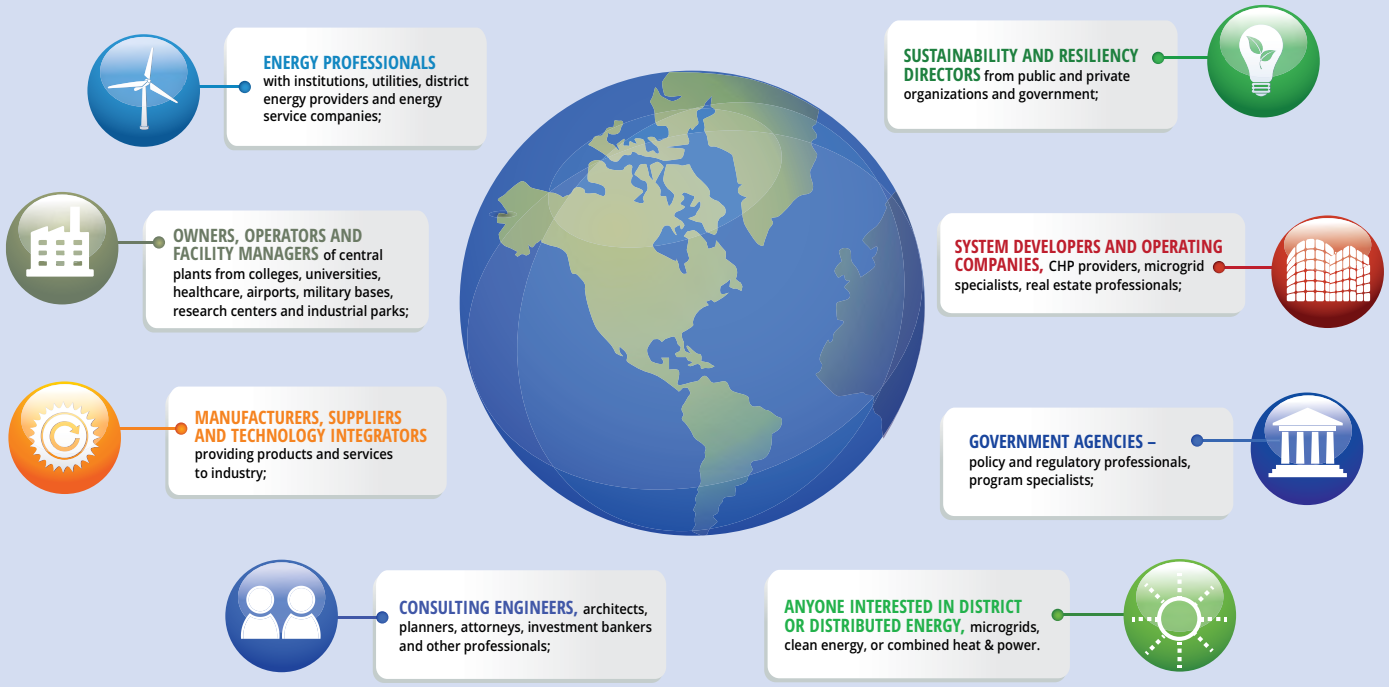

IDEA Sponsors are Key to a Successful Conference.

Sponsors are amply recognized for their important contributions to the success of the conference and receive unique visibility at IDEA. Demonstrate your industry leadership and commitment and differentiate your firm as a sponsor. Enjoy special opportunities and enhanced visibility while capturing value and savings for your clients and staff.

Who Attends IDEA Conferences

IDEA2019, over **830 registrants** participated from **18 countries** and **330 different cities**.

For everything we put into the organization we get ten-times that amount back. So we really feel like this is probably the highest value trade association that we can participate in... it is a great investment and it always pays off.

Bob Smith, RMF Engineering, Inc.

I directly attribute Thermo's business growth with affiliation with IDEA. In the 13 years we have been actively engaged with IDEA our district energy business has grown by over 10X. Further, the relationships and friendships we have developed, and the training and knowledge our staff has gained, cannot be measured in dollars. I am looking forward to our next 13 years with IDEA.

David Musto, Thermo Systems
