

New Jersey Emergency Nurses Association

NURSE RESEARCH AWARD

This award recognizes an individual nurse who has made significant contributions to the profession of emergency nursing by conducting research, disseminating research findings or using research to improve outcomes.

Requirements:

- Nominee must be an ENA member
- 2 narrative statements written by 2 different people, one must be an ENA member.
- CV summary of Nominee using method described

Narrative statement criteria:

- Statements should not include the nominee's name
- Specific examples should be included as to how the nominee meets each of the five criteria
- Avoid general statements
- Narrative statements for each criterion are limited to a maximum of 200 words; approximately 1300 characters

Criterion 1: Description of how the nominee demonstrates professional characteristics of an emergency nurse while collaborating with peers and colleagues in the work setting.

Criterion 2: Description of how the nominee actively participates in: research activities that have added to the scientific base of emergency care OR application of research findings in the implementation of evidence-based practice in emergency care.

Criterion 3: Description of how the nominee disseminates research findings through publication in professional journals, textbooks or presentations at professional conferences.

Criterion 4: Description of the development or implementation of a sustained program or project that had a positive impact on the specialty of emergency nursing.

Criterion 5: Description of the development or implementation of a program or project that affected health care within a community, region or nationally in which positive patient outcomes resulted.
