Foundation News

Foundation is working very hard in preparation for our upcoming Spring Conference. We are getting items ready for our opportunity to win. The Foundation supports the National ENA Foundation by donating a portion of our profits from the conference to support their scholarship programs. The ENA Foundation has a goal this year to obtain donations of over \$400,000.00 to support the program. MENA has a scholarship program as well. We support Emergency nurses in advancing their learning by giving a one-time scholarship of \$500.00 to go back to school to obtain a higher degree in their education. Your support over the years by purchasing tickets for the prizes at our conference has been greatly appreciated. It is your participation that helps our organization continue the scholarship program. We want to thank you all for your continued support. As we move forward with our program, you can also donate a gift in which we can place in our opportunity to win area at our conference. This gift can also be a tax deduction as well. If you want to donate a gift, keep receipt turn into me and I will write up a letter with our tax emption number so you can use it on your 2023 taxes. Please contact me if you would like to donate. It is very important to our organization that we continue the scholarship program. Last year we gave away one scholarship and would like to give more away. If you are planning on going back to school to increase your education, please go to the web site and fill out the form on scholarship and send to Kim Johnson. You can apply to the National ENA Scholarship as well. Giving back to our fellow nursing peers in supporting their higher education is one of the best ways to make an impact in someone's life. Donate today for our Foundation for our future.
