I. ATTENDENCE: Attendance at the General Assembly is open to ENRS members and nonmembers. Only ENRS Members are eligible to vote. According to the ENRS Bylaws, “the quorum for the Annual Business Meeting shall be 10 percent of those members registered for the Annual Conference.”

II. OBTAINING THE FLOOR: To obtain the floor, an individual shall go to a microphone; address the chair, give name and state whether or not he/she is a voting member, and upon recognition by the President, may speak.

III. FOR/AGAINST: Each person wishing to obtain the floor to speak to a motion/amendment must indicate his or her position by stating if she/he is FOR or AGAINST the motion. The President will alternate the floor to one speaking FOR a motion and one speaking AGAINST the motion. One person may not speak more than twice to the same questions, nor longer than three minutes, without permission of the Assembly granted by a two-thirds vote without debate. No one may speak more than once to a question if a member who has not spoken wishes to do so.

IV. MOTIONS: All motions shall be written on forms provided. A representative forwards the sheet to the Secretary at the time of the motion. Motions should have a second. Motion makers should speak to the motion and provide rationale for the motion when designated to do so by the President.

V. AMENDMENTS: If a member wishes to amend a motion, it may be done by one of the following methods: by striking out; by inserting; by striking out and inserting; by adding to; or by substitution. All amendments shall be written on forms provided and forwarded to the chair by the pages at once.

VI. SUBSTITUTE MOTIONS: Only one substitute motion or paragraph amendment shall be proposed at one time to any main motion. This will be the primary amendment. The substitute or paragraph amendment may have only one minor amendment applied to it at one time. Each of the motions will be considered and voted on separately and in reverse order to their proposal.

VII. POINT OF ORDER: To be used if a member wishes to appeal a ruling by the President or to request information on parliamentary law or rules of the organization as relating to business at hand.

VIII. POINT OF INFORMATION: To be used if a member wishes to request information relevant to the business at hand. This request should not be related to parliamentary procedure.

IX. RESUMING BUSINESS: Business interrupted by a recess of the meeting shall be resumed at the point where it was interrupted.

X. VOTING: Voting will be counted by a show of hands FOR the motion and a count of hands AGAINST a motion.

XI. EMERGENCY RESOLUTIONS: Emergency resolutions may be submitted to the ENRS Bylaws Committee before 4:00pm on the first day of the Conference. An official representative of the group submitting the resolution must sign these. Emergency resolutions are those that the significance could not have been apparent in sufficient time before the conference for submission to the Bylaws Committee and which because of timeliness require immediate attention. They may be:

a) Substantive – Resolutions that deal with issues, basic principles or policies of the association.

b) Commemorative – Resolutions which deal with the commemoration of important events or developments.

c) If the Bylaws Committee is in doubt of the emergency nature or advisability of a resolution that has been submitted in the prescribed manner, it is referred to the ENRS President, who may, in turn, refer it to the ENRS Board of Directors for a decision.

    - 18 BS, 9 MS, 34 DNP, and 24 Early PhD School Poster Snapshots were submitted and will be prejudged by Awards Committee members prior to our 3/27/18 meeting.
      - Top ranked school posters (4-5 in each category) to be judged by members on site.
    - A total of 16 doctoral student peer-reviewed papers (0 DNP, 16 PhD) were submitted and prejudged by the Program Planning Committee.
      - Top-ranked papers to be judged by Awards Committee members on site: 0 DNP & 5 PhD.

  - **ENRS Student Travel Awards**
    - Dr. Mauro and Dr. Rohan worked with the Organizational Development Committee to develop criteria and processes for new ENRS Student Travel Awards.

- **CURRENT ISSUES AND CHALLENGES:**
  - **Orientation of New Awards Committee Members**
Use of Dropbox and online nomination/judging forms have facilitated this process

- GOALS, RECOMMENDATIONS AND PLANS FOR FUTURE DEVELOPMENT:
  - Award Committee 2019 Elections and Appointment of New Chair
    - It is recommended that the Board and Nominations Committee develop a strategy for staggering the election of new Awards Committee members and Board Liaison going forward to promote continuity. While all members worked diligently to meet our responsibilities, this year we had a continuing Chair and 1 returning member with 3 new members along with a new Board Liaison.
    - It is recommended that the Board consider appointing a new Awards Committee Chair once Dr. Mauro assumes the role of President-Elect.

Title: Early Career Nurse Scientist RIG

Date submitted: March 5th, 2018

• TASKS OR ACCOMPLISHMENTS SINCE LAST MEETING:

Organized a group of SIG members to develop a workshop focused on early career milestones that was selected for presentation at the 30th Anniversary Scientific Sessions

• CURRENT ISSUES AND CHALLENGES:
  1. Interacting with our RIG members on a regular basis – we believe this will be easier with the new ENRS website and RIG community page
  2. Maintaining a presence in the ENRS community

• GOALS, RECOMMENDATIONS AND PLANS FOR FUTURE DEVELOPMENT:

In the next 12 months, we hope to:
  1. Continue to build the network of early career nurse scientists using email and social media
  2. Regularly engage our RIG members with a quarterly conference call (we will assess RIG member needs at the annual meeting to determine frequency of calls)
  3. Develop a bi-annual enewsletter that highlights the RIGs activities and accomplishments of RIG members
  4. Poll our RIG members to determine what their priorities are, what learning or support needs the may have, etc.

**Title:** Family Research Interest Group/Community Based Participatory Research Interest Group

**Date submitted:** March 8, 2018

- **TASKS OR ACCOMPLISHMENTS SINCE LAST ANNUAL MEETING:**

  Although the RIG does not have a symposium or workshop planned for the 2018 conference, several RIG members have individual papers concerning family and community based issues accepted for presentations.

  The Co-chairs led a RIG discussion during a breakfast meeting at last years’ conference. The meeting was used as an opportunity for members to have dialogue and raise ideas for strengthening the RIG and for future symposia/presentation topics, as well as ideas for continued critique of scholarly work throughout the year. Although the breakfast meeting was not highly attended, a number of ideas were generated for future collaborations and symposia topics.

  Over the last year, two conference calls were led by the co-chairs for the planning and coordination of symposium and workshop proposals. Members also used e-mail blasts to communicate member news and research information, to prepare abstracts, and to plan for other scholarly activities.

- **CURRENT ISSUES AND CHALLENGES:**

  For several years, the RIG has proposed activities that could increase the visibility, marketing, and membership for all research interest groups. The RIG has used its brochure for marketing and visibility for many years and last year participated in the new initiative for RIG posters at the annual meeting. One major goal is to implement new ways to outreach to doctoral students, postdocs, and family/community nurse researchers to recruit active members to help coordinate and facilitate RIG work and collaborations.

  We were very pleased that many new members joined our RIG efforts this year, and we will continue our efforts to attract new members.

  We will again propose that a subgroup of RIG members work together to develop one or more publications from the papers presented at past ENRS conferences and other family nursing research
conferences. Work on these papers has been supported by members but slow in development, and we hope to increase activity on these papers over the next year. The Co-chairs are exploring the possibility of these papers being part of a collection of papers in one journal issue focused on a specific theme. We will address this again at the 2018 RIG meeting and develop new strategies to move this work forward.

The International Family Nursing Association continues to be very active. Several RIG members hold leadership roles within the organization. One RIG co-chair and another RIG member are Co-chairs of the International Family Nursing Association Research Committee; they serve as a liaison between the ENRS RIG and the international organization. The ENRS Co-chairs have encouraged RIG members to consider joining the Association to promote international research collaboration. The 2019 international conference will be in Washington, DC, thus providing RIG members with many opportunities to disseminate their work as well as attend workshops and sessions focused on family research.

For the 2017 ENRS conference, we requested a lunch meeting time. The attendance was good and interactive but lower than anticipated. This may have been a result of the increasing number of RIGS with overlapping interests. We will continue in our efforts to encourage active participation, increase our new member recruitment efforts and provide more time for dialogue and planning activities.

- **GOALS, RECOMMENDATIONS AND PLANS FOR FUTURE DEVELOPMENT:**

Goals for the coming year include: 1) turning presentations over the last two to four years into publications; 2) continuing our efforts to increase the number of active group members, drawing from diverse clinical and academic settings; 3) developing new strategies to increase doctoral student and early scientist membership in the RIG; 4) using symposia as forums to harness the interests of participants for future projects; 5) strengthening our mentorship model so that RIG members provide shared critique of each other’s work (abstracts, manuscripts, and grants) throughout the year, and 6) encouraging membership and collaboration with the International Family Nursing Association, including submission of abstracts for presentations at the 2019 conference that will be held in Washington, DC.

Generated interest among senior and junior faculty along with emerging researchers around developing a health services research-research interest group for ENRS which has now been accepted for implementation.

Current Issues and Challenges:
As a new RIG, we would like to get support around recruitment activities along with general activities to maintain engagement among members.
- **GOALS, RECOMMENDATIONS AND PLANS FOR FUTURE DEVELOPMENT:**

  We would like to create a quarterly newsletter so that members are informed of what other members are doing and where possible collaborations can be developed.

  Create a listserv where member information can be housed.

  Recruitment for and implementation of committee and subcommittees (e.g. Social media; mentorship; newsletter).

  Create a structure for our RIG to follow and discuss formal positions and the possible creation of bylaws.

  Launch a mentorship program for emerging researchers.

  Consider an annual award provided by our RIG during the ENRS.

Title: Qualitative Methods RIG

Date submitted: 2-8-18

- OUR RIG MET LAST YEAR AT THE ENRS CONFERENCE. BELOW IS A COPY OF OUR MINUTES FROM THAT MEETING.
  - Convener: Sally Norton, University of Rochester (standing in for RIG Facilitators Cheryl Beck and Maggie Kearney)
  - Attendees: 10 in addition to Dr. Norton, listed below
  - Topics Discussed: Members introduced themselves and their work in progress or planned. The group was interested in further RIG activity on qualitative methods. Possible activities included joint publications, a pre-conference, a symposium or panel presentation at ENRS, and initiating connections between universities. Topics of a pre-conference might include mixed methods, how to write a qualitative research report, how to work with an IRB, and how to conduct qualitative interviews. One attendee, Mary Louise Kanaskie, volunteered to coordinate further discussion and planning among those present and will be sent the contact information for the 11 attendees.
  - Other RIG activity: In early spring, a newsletter of RIG members’ reports of their current or recent qualitative studies was compiled by the Facilitators. This was our first attempt at an annual newsletter. It was a huge success. We are currently in the process of asking our members to share their qualitative research news with us so we can send out another newsletter this spring.

- CURRENT ISSUES AND CHALLENGES:
  Our RIG does not have any specific challenges at this time. Our membership likes the way it is being run. They really liked the annual newsletter so they know who is doing what. That way they can contact each other if they want to consult or collaborate or just ask questions or comment.

- GOALS, RECOMMENDATIONS AND PLANS FOR FUTURE DEVELOPMENT:
  We will continue with our annual newsletter and do this each spring. Our membership is very fluid. Many of our members are PhD students who are conducting qualitative dissertations and come to ask advice.

- TASKS OR ACCOMPLISHMENTS SINCE LAST ANNUAL MEETING:

  Fourth meeting of this relatively new RIG was held at ENRS in Philadelphia, PA, April 5-7, 2017
  Seven people attended including the chair Bonnie Sturm, along with Danny Willis, Julie London, Jean Petrilack, Carmen Torres, Mary Fischer, and Serah Nthenge.
  Chair Bonnie Sturm, RN, EdD, led lunchtime gathering
  - Group agreed to be in contact by e-mail and this has occurred 1-2 times to share new info.
  - A Contact Info Form stating research interests and focus areas was sent to those attending.
  - Contact list with research interests was subsequently shared.
  - A report of the gathering at ENRS was sent to all contacts as a follow-up.
Those present discussed the possibility of putting together a Symposium for a future ENRS conference. Several persons present were completing Doctoral research, which could become a part of a future symposium. Our co-chair Lina Hixson is presenting a poster this year at ENRS.

Each person presented their research interest area (some PhD students, some faculty/researchers)

Throughout year - Spiritual Health professional activities shared by e-mail with individuals on list

- Opportunities for conferences shared via email.
- Report about and info for summer workshop at GWISH Spirituality and Health Summer Institute given.
- E-mail reminder will be sent to all current RIG contacts (beyond members listed here), to encourage attendance at upcoming ENRS conference.
- E-mail reminder will be sent to all contacts asking for a meeting at ENRS Newark and encouragement of interested new members/participants.
- In person meetings with new faculty members at Seton Hall University whose research has focused on topics related to spiritual health and wellbeing. This is where I am the PhD program director, and have been involved in mentoring students.

- CURRENT ISSUES AND CHALLENGES:

This is a relatively new RIG and I have been involved as Chair for 3 years, so I am trying to develop the contacts, connections and ideas that will prove productive. Three persons who attended our last meeting at ENRS in Philadelphia were Doctoral students and we are interested in encouraging the development of a network of researchers over time. I expect the number of active members will grow over the next few years. It is my intention to involve several new PhD graduates in this RIG in the coming year. This year the RIG will have one co-chair, Lina Hixson and we anticipate discussing initiatives to support related areas of research. We are thankful to Susan Mills who has provided assistance as a second co-chair previously, (and who will remain connected with the RIG). We look forward to furthering connections for collaboration in presentation and publication. I created a RIG poster and presented that at each poster session in Philadelphia last year and I believe it may serve to increase interest in our RIG.

- GOALS, RECOMMENDATIONS AND PLANS FOR FUTURE DEVELOPMENT:

Goals for the coming year include:

- Identify the goals of the interested members at the RIG meeting at ENRS 2018.
- Contact other members who do not attend post-meeting, to give a summary of the meeting at ENRS and to gain their continued interest.
- Contact everyone on our RIG list and consider ways to increase our communication.
- Explore possible collaborations with other RIGS who share a spiritual focus in their research.
- Human health as an integrated process with nurses expected to provide care of body, mind, and spirit, has lead toward an evolving particular interest is the spiritual health of nurses and how that impacts patient care. This can be explored further.
- Concepts related to spiritual care, such as dignity, respect, ethics, and professional values, are also within the scope of spiritual care and may be evolving interests for the RIG.
- Explore a possible Symposium submission or other presentation, with recent PhD graduates/other researchers to present new findings related to spiritual health.
- Discuss a potential qualitative research project that could result in a future book.
