Translational Research Evaluation TIG

EVALUATION 2016 – Translational Research Evaluation Sessions

Wednesday, Oct. 26, 4:30 – 6:00 p.m., L507
Methods and Tools to Evaluate Translational Research

- Comparing Two Methods for Analyzing Translational Research; Kristi Pettibone; National Institute of Environmental Health Science
- Examining the Duration between IRB approval and First Accrual; Kanika Arora; University of Iowa
- Promoting Team Science Across a CTSA Hub Institution: Content Analysis of Team Science Pilot Grant Program Applications; Patrick Brian Barlow; University of Iowa/CTSA

Wednesday, 6:15 – 7:00 p.m., L503
Roundtable: Adapting a shared framework and tools for evaluating outcomes in community engagement within the Breast Cancer Environmental Research Program (BCERP) consortium; Chiranjeev Dash; Georgetown University

Wednesday, 7:00 – 8:30 p.m.
Poster: A framework to evaluate organization and research innovations; Victoria Sherif; University of Kentucky Human Development Institute on Evaluating Organization and Research Innovations

Thursday, 8:00 – 9:30 a.m., M108
Panel Session: Critical Perspectives on the CTSA Common Metrics

- Validity Thinking in the Common Metrics; William Trochim; Cornell University
- Common Metrics: Do We Have Noise or Information?; Arthur E Blank; Albert Einstein College of Medicine
- Context and Complexity in the Common Metrics Initiative; Linda Scholl; University of Wisconsin-Madison
- Diversity across the CTSA Institutions: Challenges and Opportunities; Julie Rainwater; University of California Davis

Thursday, 1:00 – 1:45 p.m., M103
Panel Session: If you create it, will they use it? Evaluation of the dissemination and use of school health tools and resources

- Evaluation of 3 Key School Health Research Translation Tools, Resources ; Sarah Lee; Centers for Disease Control & Prevention
- Using formative evaluation to identify and prioritize revisions to an existing translation tool ; Sarah Sliwa; School Health Branch/Division of Population Health

Thursday, 2:00 – 2:45 p.m., L501
Roundtable: Designing for Impact: Lessons learned from a formative evaluation of a knowledge translation website;
Thursday, 3:00 – 4:30 p.m., A706
Panel Session: Conducting Developmental Evaluation within Academic Medical Centers under the Clinical and Translational Science Awards (CTSA) Program

- Gaurav Dave; UNC-Chapel Hill
- Douglas Easterling; Wake Forest School of Medicine
- Jillian Harvey; Medical University of South Carolina
- Janice A. Hogle; University of Wisconsin Madison

(Concurrent) Thursday, 3:00 – 4:30 p.m., L405
Panel Session: Social Network Analysis: A design for understanding collaboration and partnerships

Multipaper Titles:
- Integrating Network Analysis to Evaluate Scientific Collaboration in a Clinical and Translational Research Program
- Evaluating Collective Impact: A Social Network Analysis of Epicenter’s Pathways to Innovation Program
- Using Social Network Analysis and Ripple Effect Mapping to Evaluate Community Health Partnerships

Thursday, 6:20 – 7:10 p.m., L505
TRE TIG Business Meeting

Thursday, 7:45-9:45 p.m.
Dinner at Thrive restaurant – cash only (RSVP required)
