### **AEA Coffee Break Presentations**

We are looking to feature the work of TIG members for an upcoming AEA Coffee Break seminar. Coffee Breaks are 20-minute presentations sponsored by AEA. LaRED would like to highlight the work of our members in and for Latinx communities. Bonus points for Spanish Language presentations. Please reach out to program chair Asma Ali at [asma@aa-associates.org](mailto:asma@aa-associates.org) if you would like to present.

### **AEA 2019 Conference Abstract Submission**

It's time to start thinking about AEA 2019 Conference Proposals. The theme of the Evaluation 2019 is *From Learning to Action* and it is taking place in Minneapolis MN.

This year, AEA has indicated that they would like to see continuing conversations about the conference theme across TIGs. Multi-TIG sponsored submissions are encouraged and supported.

So put on your best thinking caps and reach out to your substantive, methodological, or diversity TIG colleagues to put together some cross-TIG ideas. Conference submissions are due in March, but you can start putting together your ideas and reaching out to other colleagues. More information about conference proposals will be forthcoming in the new year. Reach out to [asmaali1@gmail.com](mailto:asmaali1@gmail.com) to discuss ideas or questions you may have.
