

Michael Ennis

Business Advisor

Michael Ennis joined FloridaMakes and the Economic Development Commission of Florida's Space Coast on August 17, 2020, as a Business Advisor supporting manufacturing clients along Florida's Space Coast. He has been working in manufacturing since 1982, after 6-years in the US Navy serving aboard fleet ballistic submarines. He supported the Space Shuttle Program as an engineer for McDonnell-Douglas & Boeing for 19 years at Kennedy Space Center. He then went to Washington DC as a Maximo CMMS Project Manager for Total Resource Management. After 5-years, he went to Harris Corporation in Palm Bay, Florida, where he worked as a Manufacturing Engineer in the Space Reflector Area until 2020.
