

Empowering your laser vision, since 1986.

About Us

- **Founded:** 1986 by William R. Benner Jr. & Patrick Murphy
- **Mission:** To advance the utility, enjoyment, and safety of lasers around the world
- **Innovations:** Laser Control Software (BEYOND, QuickShow), 58 international patents
- **Technology:** Laser Control and Software, Optical Scanning Systems
- **Global Headquarters – Sanford, Florida, USA**

Key Products & Services

- **Laser Control & Safety:** Laser control hardware and software (FB4, BEYOND, and QuickShow), PASS
- **Galvanometers:** Compact 506, Saturn, Juno, and ARC scanners, and rotary actuators
- **Applications:** Live Events, LiDAR, Material Processing, Microscopy, Template Projection, OCT, and Laser Welding
- **Markets Served:** Entertainment, Industrial, Medical & Imaging, and Aerospace

Our Commitment

- **Innovation:** Advancing the laser industry from Florida to the world, driving new applications and creative possibilities in light-based technologies.
- **Partnership:** Proud member of the Florida Photonics Council, fostering collaboration and growth within Florida's thriving photonics ecosystem and the global laser industry.
