LEAN SIX SIGMA YELLOW BELT TRAINING 6σ

BUILD A CULTURE OF CONTINUOUS IMPROVEMENT ACROSS
YOUR OPERATIONS

DEVELOP A HIGH-PERFORMING WORKFORCE THAT DRIVES RESULTS

Lean Six Sigma Yellow Belt training equips your employees with the essential tools to identify inefficiencies, reduce waste, and improve processes. Designed for manufacturing, this foundational skillset supports measurable gains in productivity, quality, and cost savings.

WHAT IS A LEAN SIX SIGMA YELLOW BELT?

A Yellow Belt is an entry-level certification introducing Lean and Six Sigma principles. Employees learn to recognize process issues, analyze root causes, and support improvement initiatives across operations.

BENEFITS TO MANUFACTURERS

- Reduce waste, scrap, and rework
- Improve cycle times and throughput
- Strengthen quality and consistency
- Boost employee engagement and problem solving skills
- Support Lean transformations
- Build future Green & Black Belts

FLEXIBLE AND CONVENIENT

Online classes from Tooling U-SME provide the best manufacturing content developed by industry experts. Students gain 24/7 access to self-paced Related Technical Instructional (RTI) through an app available for phone and tablets.

TRAINING INTRODUCES ESSENTIAL TOOLS

- Lean Principles & the Eight Wastes
- DMAIC Methodology
- SIPOC Diagrams
- Fishbone Analysis
- Spaghetti Maps
- Basic Data Collection & Root Cause Analysis
- Standardization Concepts
- Continuous Improvement Mindset

CERTIFICATION PROCESS

Participants complete a structured online course and a final certification exam. FloridaMakes awards a Lean Six Sigma Yellow Belt Certificate to individuals who successfully complete all 22 required modules, each with a score of 70% or higher.
