5 Tips to Successfully Network Virtually

1. **Set a Goal**
   Are you maintaining your network or building new connections?
   Determine how you want to invest your time.

2. **Introduce Yourself**
   Practice your pitch with your name, position, discipline of interest, and where you live.

3. **Ask Questions**
   Keep the conversation flowing by being curious. Ask about their research, professional goals, and interests.

4. **Share Your Contact Information**
   Make it easy for someone to follow up with you. Upload your business card information to the platform.

5. **Follow Up**
   If you enjoyed the conversation, follow up with an email.
   Keep building community even after the meeting.
