

# How to use: CHG

## Pre-saturated 2% CHG Cloths

### Directions

**To open package:** identify the tear notch labeled on the front of the package. Grasp with hands on both sides of the tear notch and tear to expose cloth.

Transfer contents onto prep table, avoiding contact between cloth and outside of package to reduce risk of cloth contamination.

Use first cloth to prepare the skin area indicated for a moist or dry site, making certain to keep the second cloth where it will not be contaminated. Use second cloth to prepare larger areas. Use all cloths and dispose in trash.

**Dry surgical sites (such as abdomen or arm):** use one cloth to cleanse each 161 cm<sup>2</sup> area (approximately 5 x 5 inches) of skin to be prepared. Vigorously scrub skin back and forth for 3 minutes, completely wetting treatment area, then discard. Allow area to dry for one (1) minute. Do not rinse.

**Moist surgical sites (such as inguinal fold):** use one cloth to cleanse each 65 cm<sup>2</sup> area (approximately 2 x 5 inches) of skin to be prepared. Vigorously scrub skin back and forth for 3 minutes, completely wetting treatment area, then discard. Allow area to dry for one (1) minute. Do not rinse.

**DO NOT  
FLUSH  
CHG CLOTHS**

**DISPOSE  
IN THE  
TRASH**
