WEBINAR PROPOSAL FORM

Thanks for your interest in submitting a webinar for consideration for the HFES webinar series! Please complete this form and return it to HFES at Info@HFES.org.

1. What is the title of your webinar? The title should be both informative and appealing to your target audience(s).

2. Please describe what you would like to present in 500 words or less, including why it is important, what knowledge or skills attendees will gain, and main takeaway message that you intend to convey.

3. What audience(s) will find this interesting (e.g., students, academics, industry professionals, government agency employees, other - specify)?

4. What expertise/experience level (e.g., new to HF/E, some experience, advanced professional) should attendees have to take best advantage of the presentation?

5. Please provide a 200-word bio, including your experience in the area you will be presenting.

6. If your webinar would be of interest to professionals in related fields, please specify those professions and, if known, the associations of which these professionals are likely to be members.

7. Please provide a color photo (head and shoulders).
