

Human Factors and Ergonomics Society

TRAINING TECHNICAL GROUP

Student Grant Award

Request for Proposals

The Training Technical Group (TTG) of the Human Factors and Ergonomics Society is announcing a request for proposals for the 2020 Student Grant Award. The purpose of this award is to support HFES Student Affiliates in conducting independent research in their graduate education. In the spirit of the TTG's purpose, relevant submission topics include but are not limited to:

- Training theory and evaluation
- Training systems evaluation and design
- Training technologies
- Instructional design
- Implementation of applied training systems

ALL RELEVANT MATERIALS ARE DUE BY 11:59 PM EDT, FRIDAY, JULY 31, 2020

Award - One proposal will be awarded \$750 to help cover expenses including, but not limited to, research materials or equipment, research participant payments, and travel to the HFES annual meeting.

Requirements - To be eligible for consideration, students are asked to submit:

- Cover letter (Include name, current mailing and email addresses, names of others involved in the project, and university affiliation)
- Proposal narrative (no longer than three (3) pages double-spaced)
- Proposed budget for award funds (no longer than one (1) page double-spaced)
- Letter of support for research project from student's advisor (A scanned letter including the advisor's signature)
- Write "*Training TG Student Grant Award*" in the subject line when you submit your proposal

Additional Information

- Winner is highly encouraged to present research progress at the next TTG business meeting
- Winner is highly encouraged to submit/present results to the TTG within two years from award
- Membership in the TTG is not required but is highly encouraged

**Please email submissions and questions to Student Grant Coordinator,
Andy Dattel at Andy.Dattel@erau.edu**
