EVOLVE

Live Polling

- Live polling is easier than ever!
- All polls will be created and launched in the Super Forum Mobile App

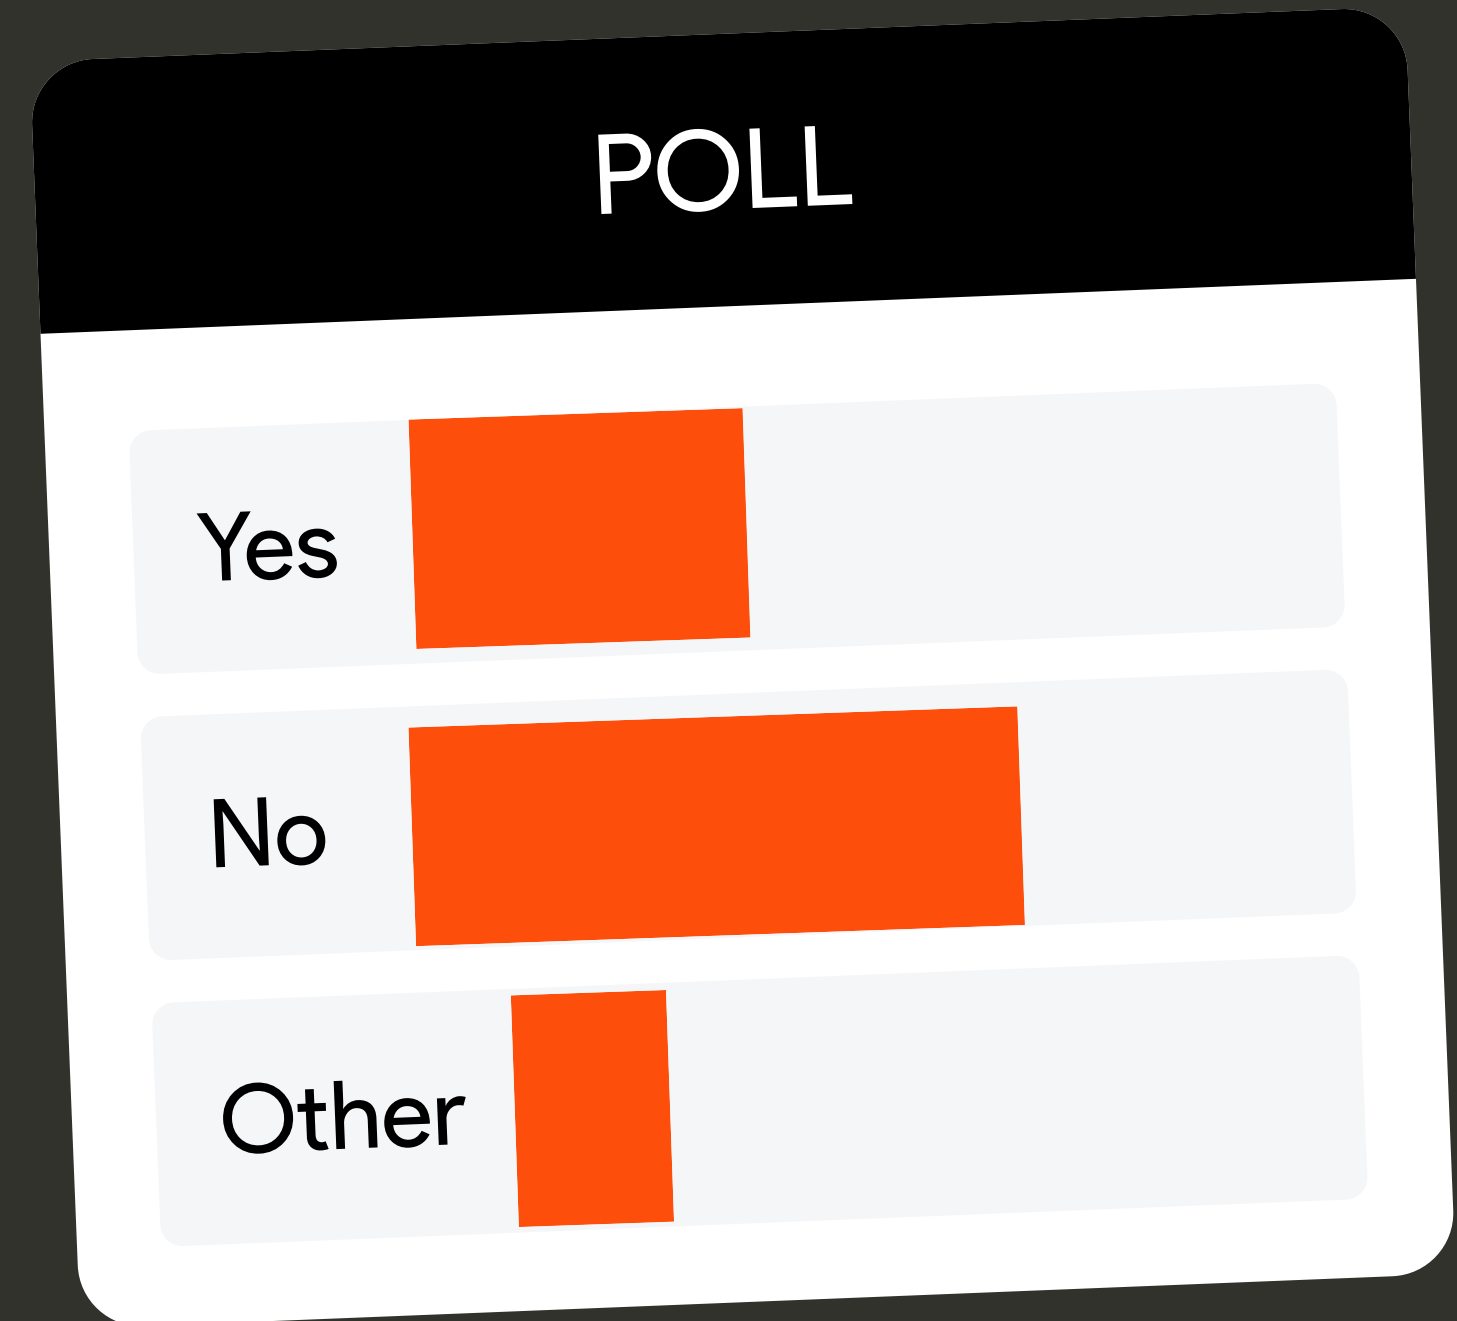

Live Polling

- Attendees will have access to respond to polls directly on their own devices

Live Polling

- You will view the results graphically, in real-time

Poll Formats

- Multiple Choice
- Open Ended
- Numerical Average

Poll Question

Who's excited for Super Forum??

Extended Information (optional)

Extended information appears to audience when responding, but otherwise is not visible

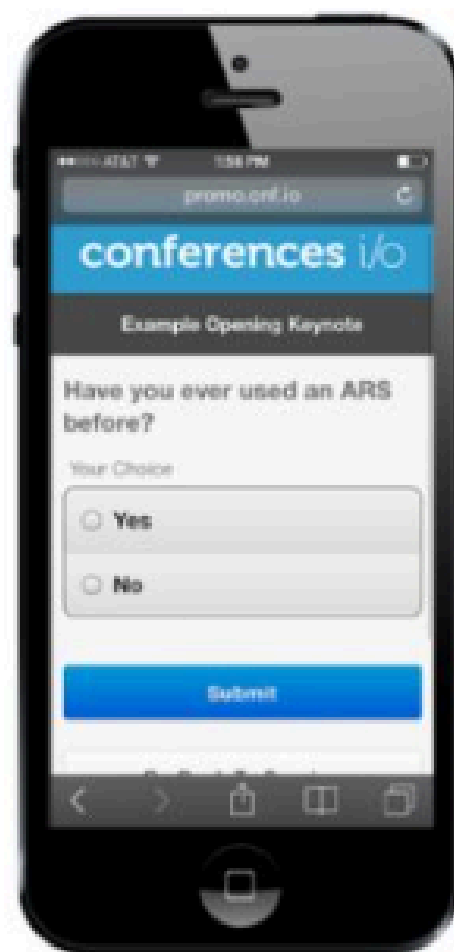

☐ Add an image to this poll

Type of Poll [Learn more about poll types](#)

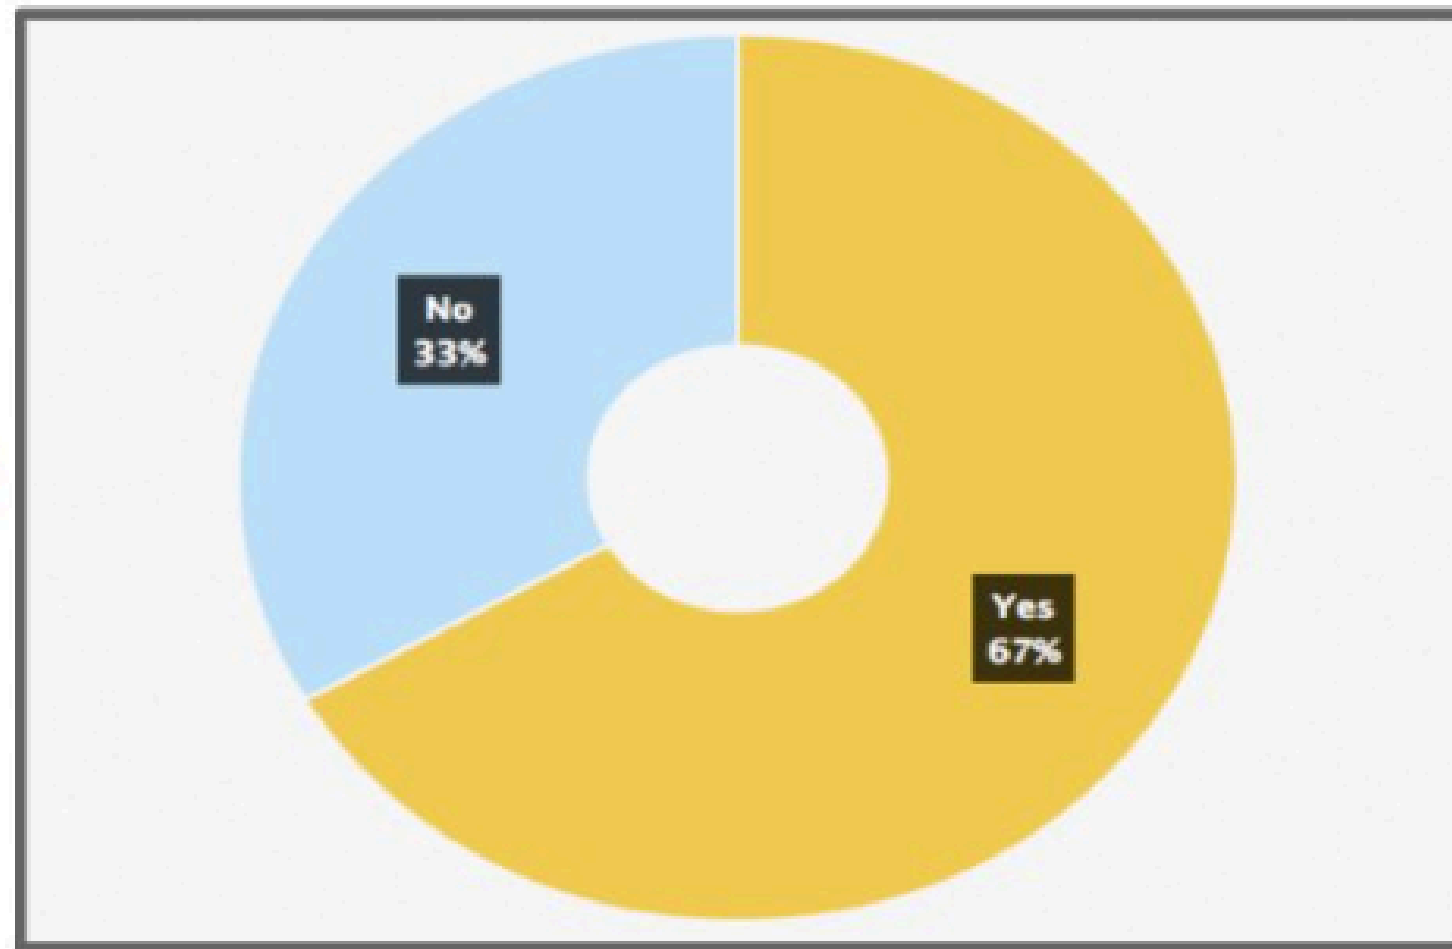

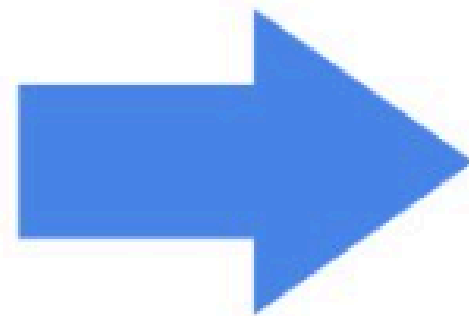

- ☒ Multiple Choice
- ☐ Open Ended / Short Answer
- ☐ Numerical Average

Poll Formats

Multiple Choice

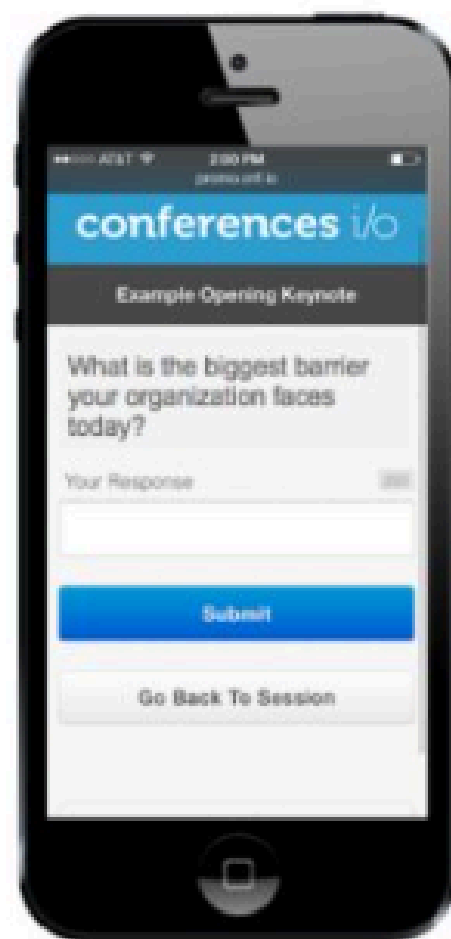

Attendees choose a response from a pre-defined list of options

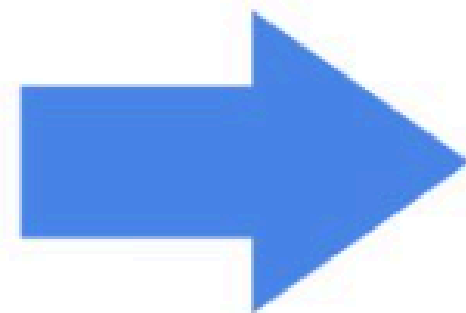

Results are displayed in a Pie Chart or Bar Chart

Poll Formats

Open Ended

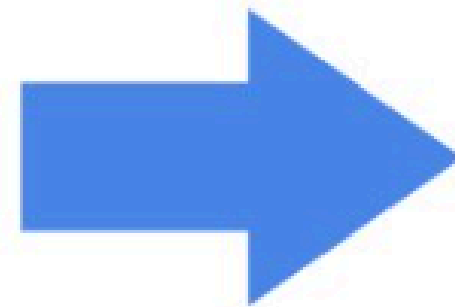

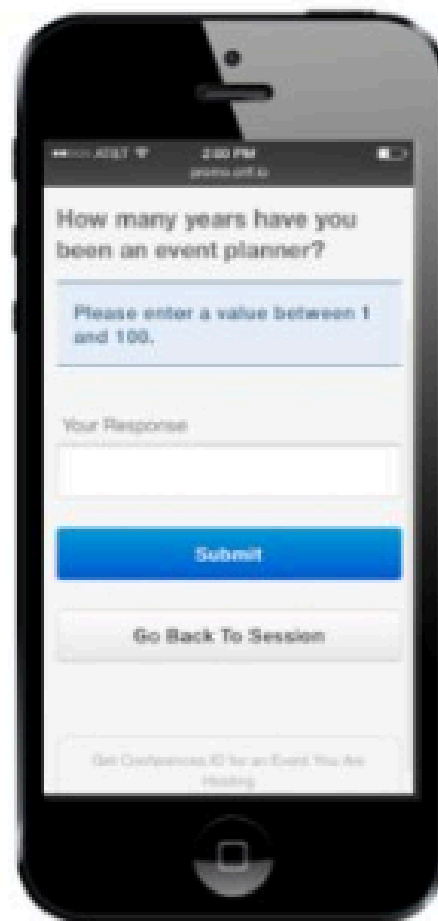

Attendees type in a short response or answer

Results can be displayed in a simple running list, or in our "Word Cloud" format.

Poll Formats

Numerical Average

Attendees enter a number that falls within a range that you determine

Results will display the overall average of all of the responses

Setting up a Poll

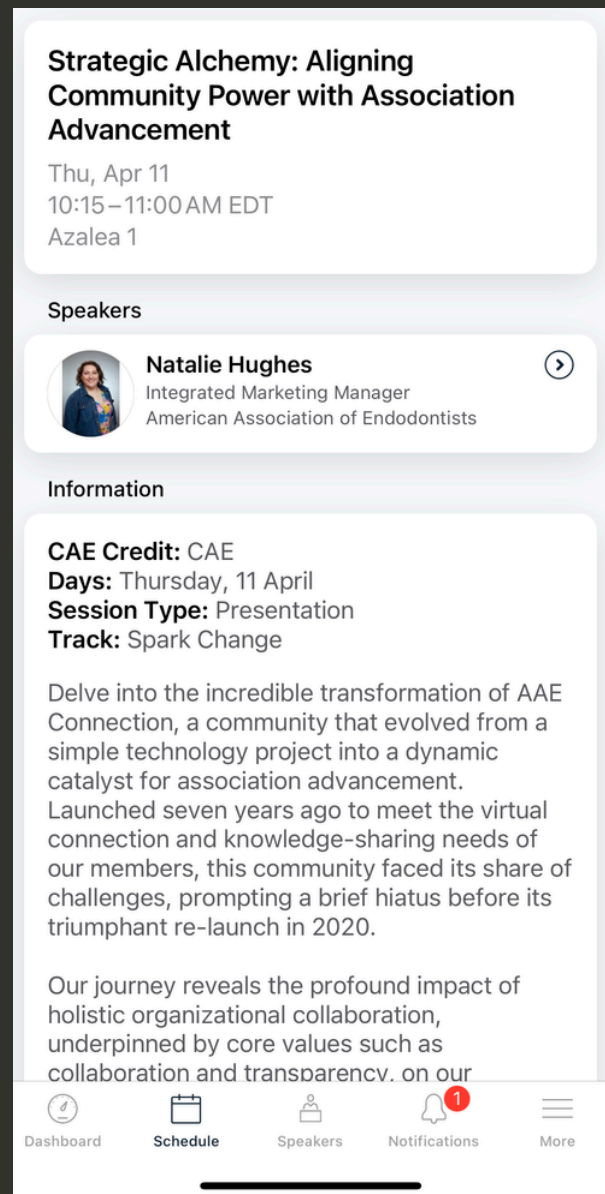

Live Polling **Setup**

Download and explore the Super Forum Event App. Find your session, add it to your agenda and get started on creating your polls. You can create your polls anytime between now and the conference.

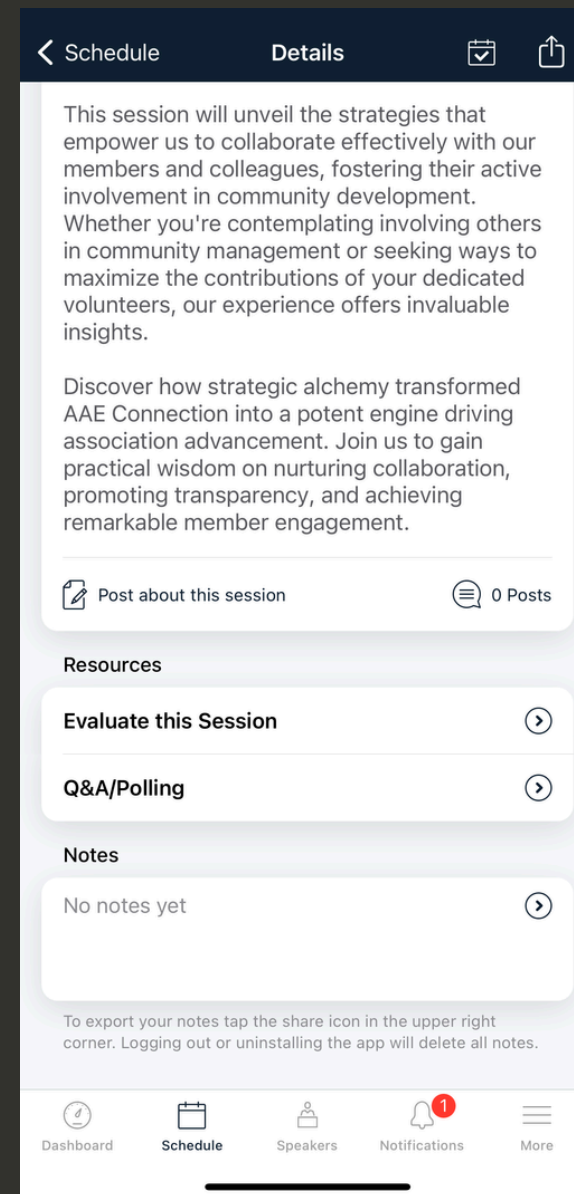

Create a slide in your deck to know when it's time to launch the poll. You can include the question, or simply use "Poll Time!" This will cue attendees to navigate to the app to participate.

You will launch and run your polls live during your session—directly from the app! Be sure to practice and prepare.
