Eric Trimberger (Speaker)

- *Assistant Superintendent for Business - Niles Twp School District 219*

Vickie Nissen (Speaker)

- *Assistant Superintendent for Business Services - Comm Consolidated School District 59*

How was the DAA created?

- Per the direction of Dr. Everett, a small group of IASBO members recommended to the IASBO Board a process for federal and state legislative involvement.
- This process was modeled after the IASA legislative process.
- In 2004, the IASBO Board approved the creation of the DAA

Why was the DAA created?

- The DAA was created as a mechanism for IASBO members to share legislative issues and concerns with the IASBO Board.
- It is also a tool to begin developing strategies to address these legislative issues and concerns.
- The format was to discuss and debate long term policy issues as well as immediate items.
- It also allowed the IASBO Board to approve positions taken by its Alliance partners which hadn't been the case previously.

Reason for Selection Process

- Selection based on the two formats member associate themselves (regionally and by expertise)
- Allows for Board appointment of areas of expertise not represented by election from regional and PDC groups.

Intent not realized

- DAA allowed the Association a process to take a position on policy issues
- DAA was created to discuss and debate

How has the DAA evolved?

- Current format more about getting information then discussing and debating proposals about policy.
- How do we get to more debate and discussion as a deliberative body?
- We need to ratify IASB, IPA and IASA items on an annual basis, or review.

Current Role: Submission Process

- Two weeks before a scheduled DAA Meeting a notice is sent to the Illinois ASBO membership asking for submissions.
- Submission forms are available on the IASBO Website:iasbo/resources/legislativeresources/DAA

Current Role: Submission Process

- A submission may be a concern, issue or processing question about an agency, rule or report.

Or

- A submission may be a legislative issue you would like the DAA to take action on.

Current Role: Submission Process

- Once an individual submits their form they will be added to the DAA Agenda and asked to talk about their submission at the next DAA Meeting.
- At the meeting next steps will be agreed on by the DAA Members.
- If action is required a recommendation will be made to IL ASBO Board of Directors.

Current Role: Submission Process

These next steps could include:

- Do further research on issue
- Bring back for more discussion
- Form a task force on issue
- Develop a white paper on issue
- Add to IL ASBO Position Statements
- Maintain issue as initiative

Current Role: Submission Process

- All Submissions, and action taken, are part of each DAA Agenda.
- They are listed as: Continuing DAA Issues, and Completed DAA issues.

How can the DAA help you?
