2024 BOOKKEEPERS CONFERENCE

March 15, 2024 | Rolling Meadows, Illinois

Goals for Session

- Build yourself a network of other Payroll Personnel that operate the same software as you!
- Get some of those questions or issues you might be having answered by those that are actually doing the work not someone at the software company.
- Maybe even learn about something that could make your payroll process easier.
- Don't leave without the contact info of at least three people at your table.
 - And the contacts in this presentation don't count, LOL
