

## Your Complete Payment Solution

MySchoolBucks makes it easy to manage all school-related fees and purchases. Accept payments online, with the app, and in-person for convenience, flexibility, and security.

### Total Financial Control

Quickly reconcile the thousands of payments received during a typical school year with access to numerous audit-friendly reports.

### Convenience For Parents

Parents can make one-time or recurring school payments 24/7, view student balances, and track cafeteria purchases.

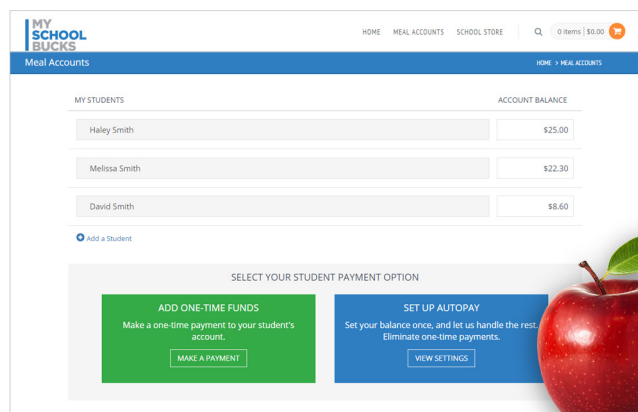

### Dedicated Support

Staff and parents have access to dedicated email and phone support. Free parent marketing materials are available to help boost participation.

### Industry-Leading Security

MySchoolBucks uses PCI and CISP security standards to ensure the privacy and protection of all your payment information.

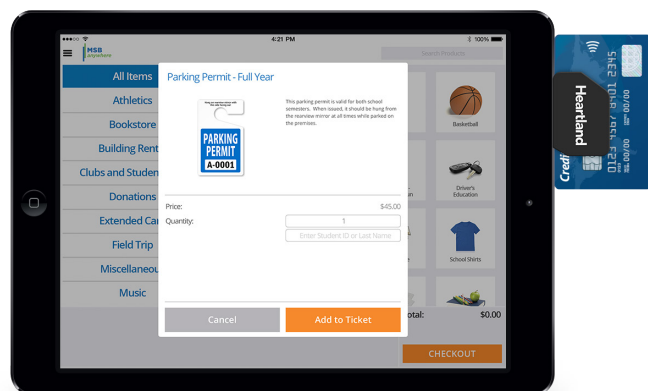

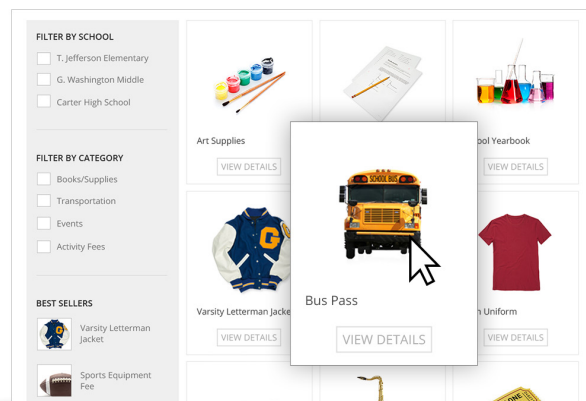

## Meal Payments

Parents can go online or use the mobile app to pay for school meals, view account balances, set up low balance alerts, and track purchases. Meal payments are sent directly to your cafeteria point of sale system.

## Store Payments

With a custom e-commerce storefront, you can collect payments online or with the app for any school-related items including: student fees, activities, transportation, child care, and more.

## In-Person Payments

MySchoolBucks Anywhere transforms any Apple iPad into a mobile point-of-sale with our app and card reader. Accept credit card, cash and check payments anytime... anywhere... for anything!
