WE ARE CHEF NETWORK

Chef Network is an exciting professional community connecting chefs throughout Ireland

Launched in February 2016, Chef Network provides an open and inclusive platform designed to connect Ireland's chefs both online and offline and is dedicated to the professional development and education of chefs across Ireland. Our mission is to provide a platform for chefs throughout Ireland and across all sectors to connect, communicate, collaborate, inspire and work together to make our industry better, through sharing best practice, peer-learning, education & training, personal and professional development. It's about harnessing the collective knowledge, skills and leadership of chefs, and our partners in industry, to create a vibrant future.

OUR OBJECTIVES are to:

| Attract & Retain Talent in the Industry | Make the Industry a Great Place to Work | Promote Continued Professional Development & Career Progression for Chefs | Achieve Greater Recognition for the Chef Profession |

BENEFITS OF PARTNERING AT THIS LEVEL:

There are around 25-30k people working as chefs in Ireland. These days chefs work in a variety of sectors in many different roles. This is a really exciting time for Irish food. Our culinary sector has never been more vibrant and progressive. The opportunities are immense. But there are huge challenges – not least the shortage of chefs and skilled staff

Chef Network provides an unrivalled platform for chefs to take the lead, bringing the industry together, to tackle the challenges & take up the opportunities.

With our Supporter Member Package, you get the opportunity to put your company and your brand directly in front of our community of chefs through a variety of channels. This package allows you to show your support for the industry and speak directly with chefs across Ireland in one place. Ideal for those with a message to share.

COST: The Supporter Membership Package is €2,500 (+ VAT) per annum

This is a recurring package for Chef Network supporters and will be renewed on a yearly basis.
