

Why should you send your hardworking employee to ILTACON?

ILTACON

23-27 August 2026

Gaylord Opryland | Nashville, TN

+ **High Quality Education**

The ILTACON Planning Committee has curated educational sessions consistently rated as some of the best content in Legal Tech with takeaways such as planning guides and templates. These 84 sessions were selected from over 400 session ideas suggested by the ILTA community.

With over 80 sessions presented by speakers with real-world experience, participants can earn self-reporting Continuing Education (CE) hours or Professional Development Units (PDU) for certifications such as the Project Management Professional.

Some speakers will be participating in a post-session discussion forum. This gives your employees a chance to meet the experts and extend their learning.

+ **Extensive Networking Opportunities**

Networking opportunities abound with ample time to engage your peers between sessions to commiserate pain points and celebrate wins.

Networking doesn't end in the hallway; sessions are structured to provide highly engaging, interactive learning opportunities that can't be replicated in a digital environment.

+ **Business Partner Gateway**

ILTACON is an efficient use of time with over 200 key partners and start-up companies in the exhibit hall in addition to Company Updates providing insight and sneak peeks into product roadmaps you can't see anywhere else.

The Startup Hub is continuing in 2026, and will showcase innovative solutions such as the Meeting Room of the Future where participants can see hands on application of different vendor solutions.

Allow your employees to learn about the latest legal technology trends, ensuring that you are not left "behind the curve" as an organization.

+ **Employee Development**

One of the best investments you can make is in your human capital. In a world where job changes are the norm, make sure your people know that you value them enough to invest in their continuing education and development.

With sessions focusing on leadership, mental health, and professional development, you can be certain that each time slot has something that will benefit your employees!

Give your employees a chance to learn, network, and return to share their knowledge with leaders at your organization.

ILTACON can turn your employees into SME's (Subject Matter Experts).
