	<p>Geneally works well. The OneNote Ink to Text conversion is dependent on your handwriting style. Normally I take a screen shot of my handwritten notes for comparison post-conversion.</p>	<p>Excellent (various by usage)</p>	<p>Easy to lose pen, a case with a pen holder will help</p>	<p>Various DMS providers have iOS Apps</p>	<p>Generally good</p>	<p>No</p>	<p>Yes</p>	<p>Yes</p>	<p>Acceptable. It is a glass screen so there is some glare in sunlight. Screen protector can help with this.</p>	<p>Native encryption with passcode</p>	<p>\$1,300 +</p>
	<p>I have horrible handwriting and it does a good job. It doesn't "auto-flow" the text though so you still need to clean up line breaks.</p>	<p>There is a claimed 5 hours.</p>	<p>Same as any other pen.</p>	<p>No</p>	<p>Same as any notepad and pen except the Pen+ isn't waterproof.</p>	<p>There is a synch feature for iOS, Android and Windows 10</p>	<p>There is a synch feature for iOS, Android and Windows 10</p>	<p>Co-authoring is not available, but once the notes are synched to your device they can be easily shared.</p>	<p>Easy to read in any environment</p>	<p>None</p>	<p>\$199.00</p>
