We are committed to taking reasonable efforts to secure the information that you choose to provide us, and we use a variety of security technologies and procedures to help protect against unauthorized access to or alteration, disclosure, or destruction of Personal Data. We restrict access to Personal Data to our employees, contractors and service providers (described in the “Disclosure of Information” section above) who need to know the information in order to operate, develop, or improve our services.

Unfortunately, no transmission of Personal Data over the Internet can be guaranteed to be 100% secure. Accordingly, and despite our efforts, ILTA cannot guarantee or warrant the security of any information you transmit to us, or to or from our online products or services. questions about this Privacy Policy or the security of your Personal Data, please contact us as indicated under the “Contact Us” section below.

We retain your Personal Data for as long as your account is active or as needed to provide you services, comply with our legal obligations, resolve disputes and enforce our agreements. We retain Personal Data collected through the Platforms we process on behalf of our users for as long as needed to provide services to our user and pursuant to our contract with that user.

Data Retention

ILTA retains your personal information for as long as necessary to fulfill the purposes for which it was collected as set forth in this privacy policy, after which we will securely destroy or delete such personal information from our records unless otherwise required by law. We will retain and use information as necessary to comply with legal obligations, resolve disputes, enforce agreements, and as otherwise set forth in this privacy policy.

Data Transfer

If you are visiting the Site from outside the United States, please be aware that you are sending information, including personal data, to the United States where our servers are located. That information may then be transferred within the United States or to other countries outside the United States other than your country of residence. Countries other than your country of residence, including the United States, may have data privacy and protection laws that differ from, and potentially provide less protection than, the applicable laws in your country of residence.

To the extent that ILTA may be deemed to have transferred personal data outside of the European Economic Area, we rely on multiple legal bases for doing so. For individuals located in the European Economic Area, by providing your personal information, you consent to our use of it in accordance with this privacy policy, including the transfer of your information across international boundaries to jurisdictions anywhere in the world as permitted by applicable law. In addition, when transferring the personal data of individuals located in the European Economic Area, we will use the standard contractual data protection clauses adopted by the European Commission, which provide safeguards for the transfer of such data, in connection with the provision of certain services that involve such transfers. Finally, we may obtain separate consent from individuals located in the European Economic Area in connection with the provision of certain services that involve the transfer of

personal data.

Our collection, use, sharing, and other processing of your personal information will at all times be governed by this privacy policy.

Tracking Technologies

ILTA and the providers they employ, use “cookies” and other technologies to personalize your online experience, analyze trends, administer the Websites, track users’ movements around the Websites, to gather demographic information about our user base as a whole and to collect information about your browsing habits in order to make advertising relevant to you and your interests, as described below.

You have the ability to accept or decline cookies. Most Web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may not be able to fully experience the interactive features of the ILTA websites or other websites you visit.

I. What Are Cookies

Cookies are text files placed on your hard disk by a Web page server. Cookies cannot be used to run programs or deliver viruses to your computer. Cookies are uniquely assigned to you, and can only be read by a web server in the domain that issued the cookie to you.

One of the primary purposes of cookies is to provide a convenience feature to save you time. The purpose of a cookie is to tell the Web server that you have returned to a specific page. For example, if you personalize ILTA website pages, or register with an ILTA website or services, a cookie helps ILTA recall your specific information on subsequent visits. This simplifies the process of recording your personal information, such as billing addresses, shipping addresses, and so on. When you return to the same ILTA website, the information you previously provided can be retrieved, so you can easily use the features that you customized. For example, cookies can store your session information for easy log-in to a website or platform, or your language or user interface customization preferences or may allow websites to record your browsing activities (for example, number of page views, number of visitors, and time spent on each page).

We use both session ID cookies and persistent cookies. A session ID cookie expires when you close your browser. A persistent cookie remains on your hard drive for a set period of time or until you delete it.

II. How We Use Cookies

ILTA does not control the placement of such cookies. Use of these cookies is governed by Client’s own privacy and cookie policies.

III. Other Technologies

ILTA and its service providers may use embedded pixel technologies (or pixel tags) for the purposes of identifying unique user visits (as opposed to aggregate hits) and for advertising purposes. In addition, embedded pixels or other technologies may be used in emails and our online display advertising to provide information on when the email or ad was opened to track marketing campaign responsiveness; information collected using these technologies may be associated with the recipient's email address.

The widget, button or tool may collect and automatically send Personal Data, such as your email address, or other Information (such as your browser information, or IP address), to a third party. Cookies may also be set or used by the widgets, buttons or tools to enable them to function properly or for other purposes, which may include advertising. Information collected or used by a widget, button or tool, including cookie settings and preferences, is governed by the privacy policy of the company that created it.

We use mobile analytics software to allow us to better understand the functionality of our mobile software on your phone. This software may record information such as how often you use the Apps, the events that occur within the Apps, aggregated usage, performance data, and where the Apps was downloaded from. We do not link the information we store within the analytics software to any Personal Data you submit within the Apps.
