

Obtain relevant historical subtleties that inform and prioritize both differential diagnoses and diagnostic plans, including sensitive, complicated, and detailed information that may not often be volunteered by the patient  
PC-A3

Modify differential diagnosis and care plan base on clinical course and data as appropriate  
PC-C3

Recognize disease presentations that deviate from common patterns and that require complex decision making  
PC-C4

Appropriately perform invasive procedures and provide post-procedure management for common procedures  
PC-D1

Make appropriate clinical decisions based upon the results of more advanced diagnostic tests  
PC-E2

Manage complex or rare medical conditions  
PC-F9

Provide specific, responsive consultation to other services  
PC-G1

Provide internal medicine consultation for patients with more complex clinical problems require detailed risk assessment  
PC-G2

Demonstrate sufficient knowledge to evaluate complex or rare medical conditions and multiple coexistent conditions  
MK-A7

Understand indications for and has basic skills in interpreting more advanced diagnostic tests  
MK-B2

Access medical information resources to answer clinical questions and support decision making  
PBLI-C1

Appraise the quality of medical information resources and select among them based on the characteristics of the clinical question  
PBLI-C4

Customize clinical evidence for an individual patient  
PBLI-E2

Take a leadership role in the education of all members of the health care team  
PBLI-H3

Engage patient/advocates in shared decision making for difficult, ambiguous, or controversial scenarios  
ICS-A6

Actively seek to understand patient differences and views and reflects this in respectful communication and shared decision-making with the patient and the healthcare team

ICS-B3

Communicate consultative recommendations to the referring team in an effective manner

ICS-E3

Respond promptly and appropriately to clinical responsibilities including but not limited to calls and pages

P-D1

Carry out timely interactions with colleagues, patients, and their designated caregivers

P-D2

Recognize the need to assist colleagues in the provision of duties

P-F7

Negotiate patient-centered care among multiple care providers

SBP-A3

Demonstrate the incorporation of cost-awareness principles into complex clinical scenarios

SBP-E4
