

## Instructions for Creating Q-Sort Playing Cards

1. Print the blank template on a standard sheet of paper

2. Place blank post-it notes (1-1/2 x 2) onto each square of the template (notes must be placed in the same direction)

3. Feed the template with Post-it notes into printer (make sure side with adhesives is fed first)

(Finished template ready for print)

4. Print document with assigned 22 milestones (labeled by EPA) onto the sheet with Post-it notes created in step 2 and shown above
