President's Message

Hello IMA Members,

Welcome Spring 2018!

April's dinner meeting will be to honor our chapter's past presidents. I have experienced this myself. If you really want to get involved in the IMA, join the

employment
opportunity.

Board, and then become [REDACTED]
President for a year or two. It is beneficial for the
resume, as well as strengthening your leadership skills
and meeting a lot of new people. I will be sending a
personal invitation to our past presidents to come and
be with us in April for a free dinner. (See there are
perks!)

We will also be hosting two great speakers. First,
Theresa Mullen, Tax Manager at CliftonLarsonAllen,
LLP, will give us a "State and Local Tax Update". Next,
Kurt Taylor, Manager of Centralized Plant Accounting at
The Goodyear Tire & Rubber Company will share his
experiences with "Centralized Plant Accounting at
Goodyear".

Many of you have expressed interest in a second tour of
Goodyear's Innovation Center Manufacturing facility
here in Akron. This is where the race tires are made
and it is a very informative tour. If you have interest in
this tour, let me know if you are interested. There are
still some spaces left. I have asked for potential dates in
early May and will send an email blast when we have
picked a solid date. It will be in the evening, around 6
pm. This will be work CPE credit.

We also are researching a tour of the Akron Waterways
Renewed Program. We would ride a trolley and learn
about the history and significance of the canal, as well
as see Rosie the tunnel borer. We will update you on
this opportunity with an email blast as well. It is great to
learn more about our local history.

If anyone would like to team up as a CMA Mentor or
Mentee, we are awarded competition points for this. I,
myself, am going to get back into the study mode, so if
anyone would like to pair up with me as mentor, let me
know. Let's get a few more relationships happening and
get a few more CMAs for the chapter!

I hope everyone has signed up for the Meonske
conference. 16 CPEs is good progress towards your
certification education requirement. This is a great local
opportunity we are lucky to have.

We still have a couple of open positions on the board for
2018-19. Let me or anyone on the Board know if you
would like more information. Most of the positions do
not take a significant amount of time.

Follow us on Twitter for announcements and
information [@AkronChapter1MA](https://twitter.com/AkronChapter1MA).

See you on the 18th!

Linda Garrison, President
Akron Chapter IMA

CMA Mentoring Program

The Akron chapter IMA is proud to offer its members a mentoring program to assist CMA candidates with strategies to pass the CMA exam. The Akron IMA CMA Mentoring Program will encourage networking and provide career development opportunities designed to help CMA candidates (mentees) and other members (mentors) in our chapter to form valuable mentoring relationships. The success of this program will rely on volunteers to serve as mentors. Mentoring can take place online, by phone, or in person at Akron chapter events or other locations.

The CMA Designation The CMA (Certified Management Accountant) is the advanced professional certification specifically designated to measure the accounting and financial management skills that drive business performance. Achieving the CMA credential demonstrates your mastery of financial planning, analysis, control, and decision support, as well as professional ethics.

The CMA credential is:

Focused - On the critical skills you use in business

Respected - Leading employers seek to hire and promote CMAs

Valued - CMAs on average, earn higher compensation than noncertified professionals

Convenient - CMA exams are offered electronically in hundreds of locations worldwide.

The CMA Mentoring Program - The accreditation process leading to the CMA designation can be a rigorous experience requiring great energy and effort. The CMA candidate will have questions regarding exam content, study materials, test taking strategies, and much more. Without somebody to guide and mentor them, the candidate may become discouraged and abandon the certification program. However, through the Akron IMA CMA Mentoring Program, candidates will be able to seek and obtain the support and guidance of fellow chapter members who have earned their CMA designation.

Mentees and mentors will be matched based on the needs of the mentee and the availability of the mentors. The ideal mentor for this CMA focused program would be an individual who has obtained the CMA certification and / or who has recently passed one or both parts of the newer two part CMA exam structure. All individuals who are currently enrolled in the CMA program and studying for the CMA exam are encouraged to enroll as a mentee. In addition, individuals who are undecided about

obtaining the CMA certification and would like additional information or guidance are encouraged to enroll.
