## PRESIDENT'S MESSAGE

Welcome to our kick off newsletter for the 2017-2018. The summer is flying by. The board has been working hard in July planning this year's activities. We ended last year on a positive note. Ranking 15<sup>th</sup> in the Warner Division, received a Silver Medal in the Newsletter competition and a Bronze Medal in the Website competition.

We tried some new forms of communications, a Monkey Chimp email and a Survey Monkey. Both got positive responses from you, our members. Thank you to all our members who responded. Most important were your responses to our Survey Monkey questionnaire. You confirmed the Board's decision to expand our number of technical meetings with some old and new topics. We are also expanding the number of meetings to eight. We are also looking for a new place to hold our meetings but will keep them on Tuesday. We will announce the new location in our September news Letter.

We have gotten one new and two old board members to join us this year. We are still looking for more board members and based on your interest from the survey there are several of you members that would like to become active members of the board. Please contact me directly at [bcd\\_net@yahoo.com](mailto:bcd_net@yahoo.com) or call 216-598-1952. Several of you expressed interest in working in the community service area (including Volunteer Income Tax and Student Liaison) and the program planning area). In the student area, we have 2 chapters now, Hiram and John Carroll, and plan to add one more this fall, Notre Dame. If you are an alumni of one of those schools, your help to would be appreciated. Our National office has already done most of the work to make working together process relatively easy. We have a National Student Leadership conference every November. We had 18 student members attend last year.

We hope to see you and your significant other at our August meeting at Northfield Park for a Night at the Races, Tuesday, August 15th at 6PM. This will be a joint meeting with Cleveland, Akron and Canton chapters .

## ***NEW STATEMENT OF ETHICAL PROFESSIONAL PRACTICE***

IMA has been committed to advocating the highest standards of ethical business practices—both for its members and the profession at large—since the organization was founded in 1919. In the early 1980s, IMA took a bold leadership role in the area of ethics by developing its first written code of ethics: *Standards of Ethical Conduct of Management Accountants*. In 2005, in the wake of global financial scandals and an increasing need for more direct ethical guidelines, IMA issued new guidance to better reflect the ethical climate of the time. The result was the *IMA Statement of Ethical Professional Practice*, which required each IMA member to be committed to the highest ethical behavior.

After considering the many changes in the business and regulatory environment, including the globalization of commerce and the management accounting profession, IMA determined to issue a revised *Statement* in 2017, which is published here as a Statement on Management Accounting. More concise and simpler to understand and apply, this updated version more fully reflects the global scope of management accounting. It also requires IMA members to contribute to a positive ethical culture in their organization and to place integrity of the profession above personal interests. These requirements recognize the need for members to take an active role in ensuring their organization has a strong, open, and positive ethical culture.

### ***IMA STATEMENT OF ETHICAL PROFESSIONAL PRACTICE***

*Effective July 1, 2017*

Members of IMA shall behave ethically. A commitment to ethical professional practice includes overarching principles that express our values and standards that guide member conduct.

## **Principles**

IMA's overarching ethical principles include: Honesty, Fairness, Objectivity, and Responsibility. Members shall act in accordance with these principles and shall encourage others within their organizations to adhere to them.

## **Standards**

IMA members have a responsibility to comply with and uphold the standards of Competence, Confidentiality, Integrity, and Credibility. Failure to comply may result in disciplinary action.

### **I. COMPETENCE**

1. Maintain an appropriate level of professional leadership and expertise by enhancing knowledge and skills.
2. Perform professional duties in accordance with relevant laws, regulations, and technical standards.
3. Provide decision support information and recommendations that are accurate, clear, concise, and timely. Recognize and help manage risk.

### **II. CONFIDENTIALITY**

1. Keep information confidential except when disclosure is authorized or legally required.
2. Inform all relevant parties regarding appropriate use of confidential information. Monitor to ensure compliance.
3. Refrain from using confidential information for unethical or illegal advantage.

## ***NEW STATEMENT OF ETHICAL PROFESSIONAL PRACTICE***

### **III. INTEGRITY**

1. Mitigate actual conflicts of interest. Regularly communicate with business associates to avoid apparent conflicts of interest. Advise all parties of any potential conflicts of interest.
2. Refrain from engaging in any conduct that would prejudice carrying out duties ethically.
3. Abstain from engaging in or supporting any activity that might discredit the profession.
4. Contribute to a positive ethical culture and place integrity of the profession above personal interests.

### **IV. CREDIBILITY**

1. Communicate information fairly and objectively.
2. Provide all relevant information that could reasonably be expected to influence an intended user's understanding of the reports, analyses, or recommendations.
3. Report any delays or deficiencies in information, timeliness, processing, or internal controls in conformance with organization policy and/or applicable law.
4. Communicate professional limitations or other constraints that would preclude responsible judgment or successful performance of an activity.

## **Resolving Ethical Issues**

In applying the Standards of Ethical Professional Practice, the member may encounter unethical issues or behavior. In these situations, the member should not ignore them, but rather should actively seek resolution of the issue. In determining which steps to follow, the member should consider all risks involved and whether protections exist against retaliation.

When faced with unethical issues, the member should follow the established policies of his or her organization, including use of an anonymous reporting system if available.

If the organization does not have established policies, the member should consider the following courses of action:

- The resolution process could include a discussion with the member's immediate supervisor. If the supervisor appears to be involved, the issue could be presented to the next level of management.
- IMA offers an anonymous helpline that the member may call to request how key elements of the *IMA Statement of Ethical Professional Practice* could be applied to the ethical issue.
- The member should consider consulting his or her own attorney to learn of any legal obligations, rights, and risks concerning the issue.

If resolution efforts are not successful, the member may wish to consider disassociating from the organization.

### More CMA Medal Winners Pass With Gleim

How far can you go with Gleim? All the way to the top! The Gleim CMA Review System sets candidates up to excel on the CMA Exam and pass quickly. Our world-class materials enable CMA Exam candidates to efficiently secure a solid grasp of the topics tested so that they are able to pass both parts of the exam in one testing window -- setting them up to achieve Gold status!

Nicolas Lehmann of Switzerland got a great boost in his accounting career when he **used Gleim to win the [ICMA Gold Medal](#) for the highest exam score.**

“In the CMA exam window September/October 2014, I achieved the highest score out of all test takers. The foundations of this result were a thorough understanding of the topics as well as practice in tackling the multiple-choice questions. In both areas, Gleim products were perfectly useful to me.

“With the books, I got general information about the exam as well as specific exam-taking strategies. Furthermore, **the content was easy to learn given the well-outlined units** with definitions, explanations, sample questions, and sample essays. The books helped me to get a complete grasp of the CMA curriculum.

“To get practice when it comes to solving multiple-choice questions, I used the Gleim CMA Test Prep. The Test Prep emulates the Prometric testing environment very well. This helped me to feel comfortable during the two exams. Additionally, the Gleim Test Prep is packed with an enormous amount of questions about every subject. And with the performance analyses, it showed me in which subjects I was performing well and where some additional effort was needed.

“Overall, I was very happy to use the Gleim materials during my preparation for the CMA exam, and I believe they were key to my excellent result. **I can highly recommend the Gleim products** to every person who is preparing for the CMA exam.”

The fact is nearly 75% of financial professionals work in business as management accountants: financial analysts, controllers, treasurers, and chief financial officers. Management accountants provide critical insights on ethical and regulatory requirements and are integral to business strategy and decision-making. Gain leadership experience, explore your future career options, and build your résumé and professional network. With the right preparation and training, you will be equipped with real-world competencies that will make you ready for the challenges you'll face immediately on the job.

"I knew I wanted to major in accounting, and I wanted to make a difference, but I just didn't know how to build on that. That's how I knew I wanted to start a student chapter on my campus." - Kevin Cornwell, President, University of Texas at Dallas Student Chapter
