

IBM_Cognos_Samples.zip

October 2016

After you import *IBM_Cognos_Samples.zip*, you will see three new folders in Team Content:

The screenshot displays the IBM Cognos Analytics interface. The top navigation bar is blue and contains the IBM Cognos Analytics logo on the left and the word "Welcome" on the right. A dark grey sidebar on the left contains navigation options: "Search", "My content", "Team content" (which is highlighted with a blue bar), and "Recent". The main content area is divided into two panels. The left panel, titled "Team content", lists three folders: "Get started", "Samples" (which is highlighted with a light grey background), and "Templates". A large orange arrow points upwards towards the "Samples" folder. The right panel, titled "Samples", lists several folders: "Dashboards", "Data", "Extensions", "Models", "Reports", "Stories", and "Version 11.0.4". A blue arrow icon is located at the top right of the "Samples" panel.

Models [→](#)

- GO data warehouse (analysis)
- GO data warehouse (query)
- GO sales (analysis)
- GO sales (query)
