

IBM Security

**Join us for a free
Lunch and Learn Event to discuss
Protecting your data on-prem and in the Cloud!**

Date: Friday, January 10, 2020

Time: 11:30 - 1:30 pm

Where: Dakota's Steakhouse | 600 North Akard St | Dallas, TX 75201

Protecting your data is critical to your business operations, as well as in ensuring compliance with industry mandates for data privacy and security (GDPR, PCI, HIPPA, HiTech, CCPA etc.). Join us for an open discussion on challenges customers are seeing and how they are addressing them for both on-prem requirements and as they transition workloads to the cloud.

Speaker: Matthew T. (Matt) Baldy, MBA
North America Data Security Sales Leader
Encryption and Key Management

To register for this event, navigate to the Guardium/Data Protection section under Groups and choose the Events page of the IBM Security Community, link here:
