How the NAMS+ subscription works

- NAMS+ is an organization-based subscription program
- Subscription allows access to NAMS+ individual Organization specific site, online tools, templates and modelling
- There is a one-time Joining Fee based on municipal population that covers setup, initial access, contribution towards development costs. It includes complimentary access until the end of the current financial year.
- Ongoing subscription after the 1st financial year is an optional annual payment for continued access to NAMS+ tools & resources
- NAMS+ entitlements apply to ALL staff in the organization
