

2026 IPWEA AUSTRALASIAN FLEET CONFERENCE

23 - 25 March 2026

The Timber Yard, Melbourne

Enter The IPWEA Fleet Innovation Award

The IPWEA Fleet Innovation Award has been established to acknowledge and promote the outstanding achievements in the fleet management industry, thereby setting higher standards for the future. This initiative will spotlight innovators and leaders who are shaping the industry through their dedication, creativity, and problem-solving capabilities. This Award will be presented at the IPWEA Fleet Conference on March 24 2026.

Submissions Open
11 November 2025

Submissions Close
18 February 2026

Judging Criteria

The Fleet Innovation Award will be judged based on the following criteria:

- Demonstrates an innovative approach to a problem or issue.
- Resulted in an improvement in effectiveness or productivity, client service or provision of services.
- Demonstrates responsiveness to community/workplace/industry needs.
- Presents as a best practice operating model which is transferable to other work areas.
- Demonstrates a return on investment through triple/quadruple bottom line.

Assessment Questions

- Provide a summary of the innovation and the benefits it delivered to your organisation.
- What was the problem or issue you were trying to solve?
- What was your innovative solution to the problem/issue?
- How are you measuring the success? Outline the efficiency gains, productivity improvements, or increase in service levels achieved as a direct result of your innovation project. Include financial measures such as amount invested and an estimate of the cost savings.
- When did you start working on this project? What stage is it? When will it be completed?
- What have you learnt from this innovation project? Would you do anything differently?
