Procurement & Contract Management

Best-practice contracting for optimal outcomes

Designed for engineers, technical officers & works supervisors

Presented by **CT Management Group**, this **online** course outlines best-practice approaches to procurement and contract management for optimal project outcomes.

Learning Outcomes:

- *an understanding of key procurement principles*
- *how to produce a Procurement Plan*
- *sound, robust and transparent tender evaluation*
- *how to manage the transition from tender evaluation to Contract negotiation and execution*
- *the principles, roles & responsibilities within Contracts*
- *successful performance and outcome management*
- *the stages of Contractual disputes*
- *how to evaluate and close out a Contract*

CT Management Group provides independent advice and management support to a range of public sector organisations and is one of Australia's most trusted professional service providers to local government.
