registration-ready?

Professional Engineers Registration Act 2019

Registration Readiness

What does it mean? Who needs to be registered?
Where can I get help?

The Professional Engineers Registration Act 2019 commences on 1 July 2021 and will mandate minimum qualification, experience and professional development requirements for Victorian engineering service providers.

The Act is a game-changer for organisations and their engineers, technical officers, managers and supervisors.

IPWEA Victoria has joined with CT Management Group to help employers **ensure compliance** by identifying the impacted roles, assessing their Position Descriptions and proposing change recommendations where required.

Small Employers (<15 engineering roles) **\$6,600** (ex. GST)

Medium Employers (<30 engineering roles) **\$8,600** (ex. GST)

Large Employers (<50 engineering roles) **\$10,600** (ex. GST)
