

# CLIMATE RESILIENT INFRASTRUCTURE PROJECT

## STAKEHOLDER ENGAGEMENT INVITATION

WE ARE EXCITED TO LAUNCH THE DISASTER READY FUNDED “CLIMATE RESILIENT INFRASTRUCTURE” PROJECT AND WANT TO HEAR FROM YOU...

### THE PROJECT:

IPWEA is collaborating with a range of project partners to deliver a nationally relevant, industry best practice guideline, online course and supporting resources that will provide asset stewards with the relevant knowledge, training and tools needed to reduce climate change risks to infrastructure and enhance asset resilience.

Outcomes will include details on climate risk and resilience options that can be included in strategic, asset and financial management plans to ensure sustainable and resilient infrastructure services in the face of our changing climate.

If you are an elected member, CEO, planner, asset manager, engineer, asset consultant, asset data manager, procurement or finance officer... we need your help!

### HOW TO GET INVOLVED:

Attend the stakeholder engagement workshop either online or in person:

**When:** Friday 28 November 2025

**Time:** 9am – 12pm ACDT

**Where:** In Person - LG House, 148 Frome Street, Adelaide, South Australia

**and Online:** Register by 21 November 2025

### REGISTER FOR THE WORKSHOP
