**Join IPWEA SA to visit the new Lonsdale facilities of
Topcoat Asphalt and Roadside Services & Solutions**

Content

IPWEA SA invites you to join us as we visit two exciting new facilities located in Lonsdale, Topcoat Asphalt and Roadside Services & Solutions.

Topcoat Asphalt is one of the largest asphalt manufacturers in Australia, with production facilities in Adelaide and mobile facilities in Alice Springs. They are early adopters of new technology, utilising specialist paving crews, an innovative Product Testing Laboratory and leading recycled pavement techniques. The Topcoat Lonsdale Asphalt plant is the result of over \$5m being invested into the project. A Benninghoven Eco 2000 Asphalt Batch Plant, it is capable of producing both RAP mixes and Crumb Rubber mixes.

Roadside Services and Solutions is a leading manufacturer and supplier of traffic and safety signs and traffic control products. In South Australia they manufacture and install signs; design, manufacture, supply and install energy absorbing bollards; supply and install guardrails; and undertake civil construction works of all sizes. They have a strong focus on innovation and continual improvement. The company is pre-qualified with South Australia's Department of Planning, Transport and Infrastructure and other Australian state road authorities. A wholly Australian-owned company, RSS is certified in Quality, the Environment and OH&S

Presenters

Rod McArthur and Daniel Rensburg-Phillips will be the hosts at Topcoat Asphalt, while at Roadside Services & Solutions, you'll hear from Craig Woods and Daryl Evans then meet their team.
