

# CORSaMS

Chain of Responsibility  
Safety Management System

IPWEA resources  
to meet your  
Chain of Responsibility  
obligations

## Introducing CORSaMS - leading the way on CoR Compliance at an affordable price.

IPWEA in conjunction with LATUS Risk have developed a specific CoR package that will ensure local government, civil contractors and other organisations operating a heavy vehicle fleet remain on the right side of Transport Compliance.

**Penalties for breaches to National Heavy Vehicle Law and Chain of Responsibility are significant.**

Implementing and being certified in CORSaMS give the pathway you need to compliance Business can choose from 1 of 3 packages which provide different levels of content.

Choose from one of the packages below.

| Package Level >                              | Basic    | Business | Enterprise |
|--|----------|----------|------------|
| Item   | Included | Included | Included   |
| <b>Start Up</b>                              |          |          |            |
| • CoR legislative overview for Board members | ✓        | ✓        | ✓          |
| • CoR legislative overview for Managers      | ✓        | ✓        | ✓          |
