**Veronica Tan**

Director, Safer Cyberspace  
**Cyber Security Agency of Singapore**

Veronica is driving the Safer Cyberspace portfolio in the Cyber Security Agency of Singapore (CSA). Her areas of work include leveraging national-level infrastructure to enable cybersecurity “by default” for the wider cyberspace, as well as developing technology programmes to raise the cyber resilience of enterprises in Singapore.

Veronica takes an active interest in emerging technologies such as web3 and the metaverse. She is a Fellow with the Singapore University of Social Sciences (SUSS) and volunteers, on a pro-bono basis, as a resource person to support the university’s Fintech teaching and research activities. Before joining the public sector, Veronica was in a network engineering role in a leading ISP.

Outside of work, Veronica also finds time to participate in university mentorship programmes to help students unlock their potential and progress in their professional development.

**Ankita Ghosh**  
PayPal Singapore

As an IT Risk and Cybersecurity expert, Ankita has more than a decade of experience in working across various industries spanning from Fintech, Consulting, Banking, and Insurance. Currently, Ankita is a Third-Party Risk Management professional working with PayPal Singapore and specializes in managing the governance and oversight aspects of Third-Party Risk globally along with regulatory reporting.

In her previous roles, she has been instrumental in building the Vendor Security Framework and team, successfully collaborating with senior stakeholders within and outside the company. Her areas of expertise have predominantly been in governance, risk, compliance, audits, and regulatory reporting.

Ankita holds a Master's in Information Security and continues to hone her skills and knowledge in information security and third party from various industry certifications. She is a strong advocate of women in technology and has led several initiatives for gender equality in her current and previous organizations. When she isn't busy at work and attending to the 'risks of the world', Ankita loves spending time with her 15-month-old son, reading novels, or traveling around the world with her family.
