TICKET SCALPING & FRAUD

INFLATED SECONDARY MARKET PRICING

0 1 1 1
1 1 0 1
1 0 0 1

**Ticket
bots**

**High resale
prices**

**Organizers
lose revenue**

**Fake or already
scanned tickets**

THE ROOT OF THE PROBLEM:
STATIC QR CODE TICKETS

NEW FORM OF DIGITAL TICKET

NFT TICKETING

Ticket is a non-fungible token (NFT) with embedded business logic (organizer's rules governing entire lifecycle).

INNOVATIVE TICKET DELIVERY:

Dynamic QR code
(currently)

Face Recognition
(pilot in Dubai)

Bluetooth
(future)

CONTROL & TRACKING OF TICKET RESALES AND TRANSFERS

SECONDARY MARKET CONTROL

Organizer resale management tools to set:

- Resale price ranges
- Resale commissions
- Max ticket sales per account

BENEFITS:

➔ Better fan experience:
Fraud and scalping prevention

➔ Unlock new secondary market
revenue for organizers & performers

AUDIENCE INSIGHTS

Know who the attendee is, even if the ticket changes hands, or in case of a group purchase.

BENEFITS:

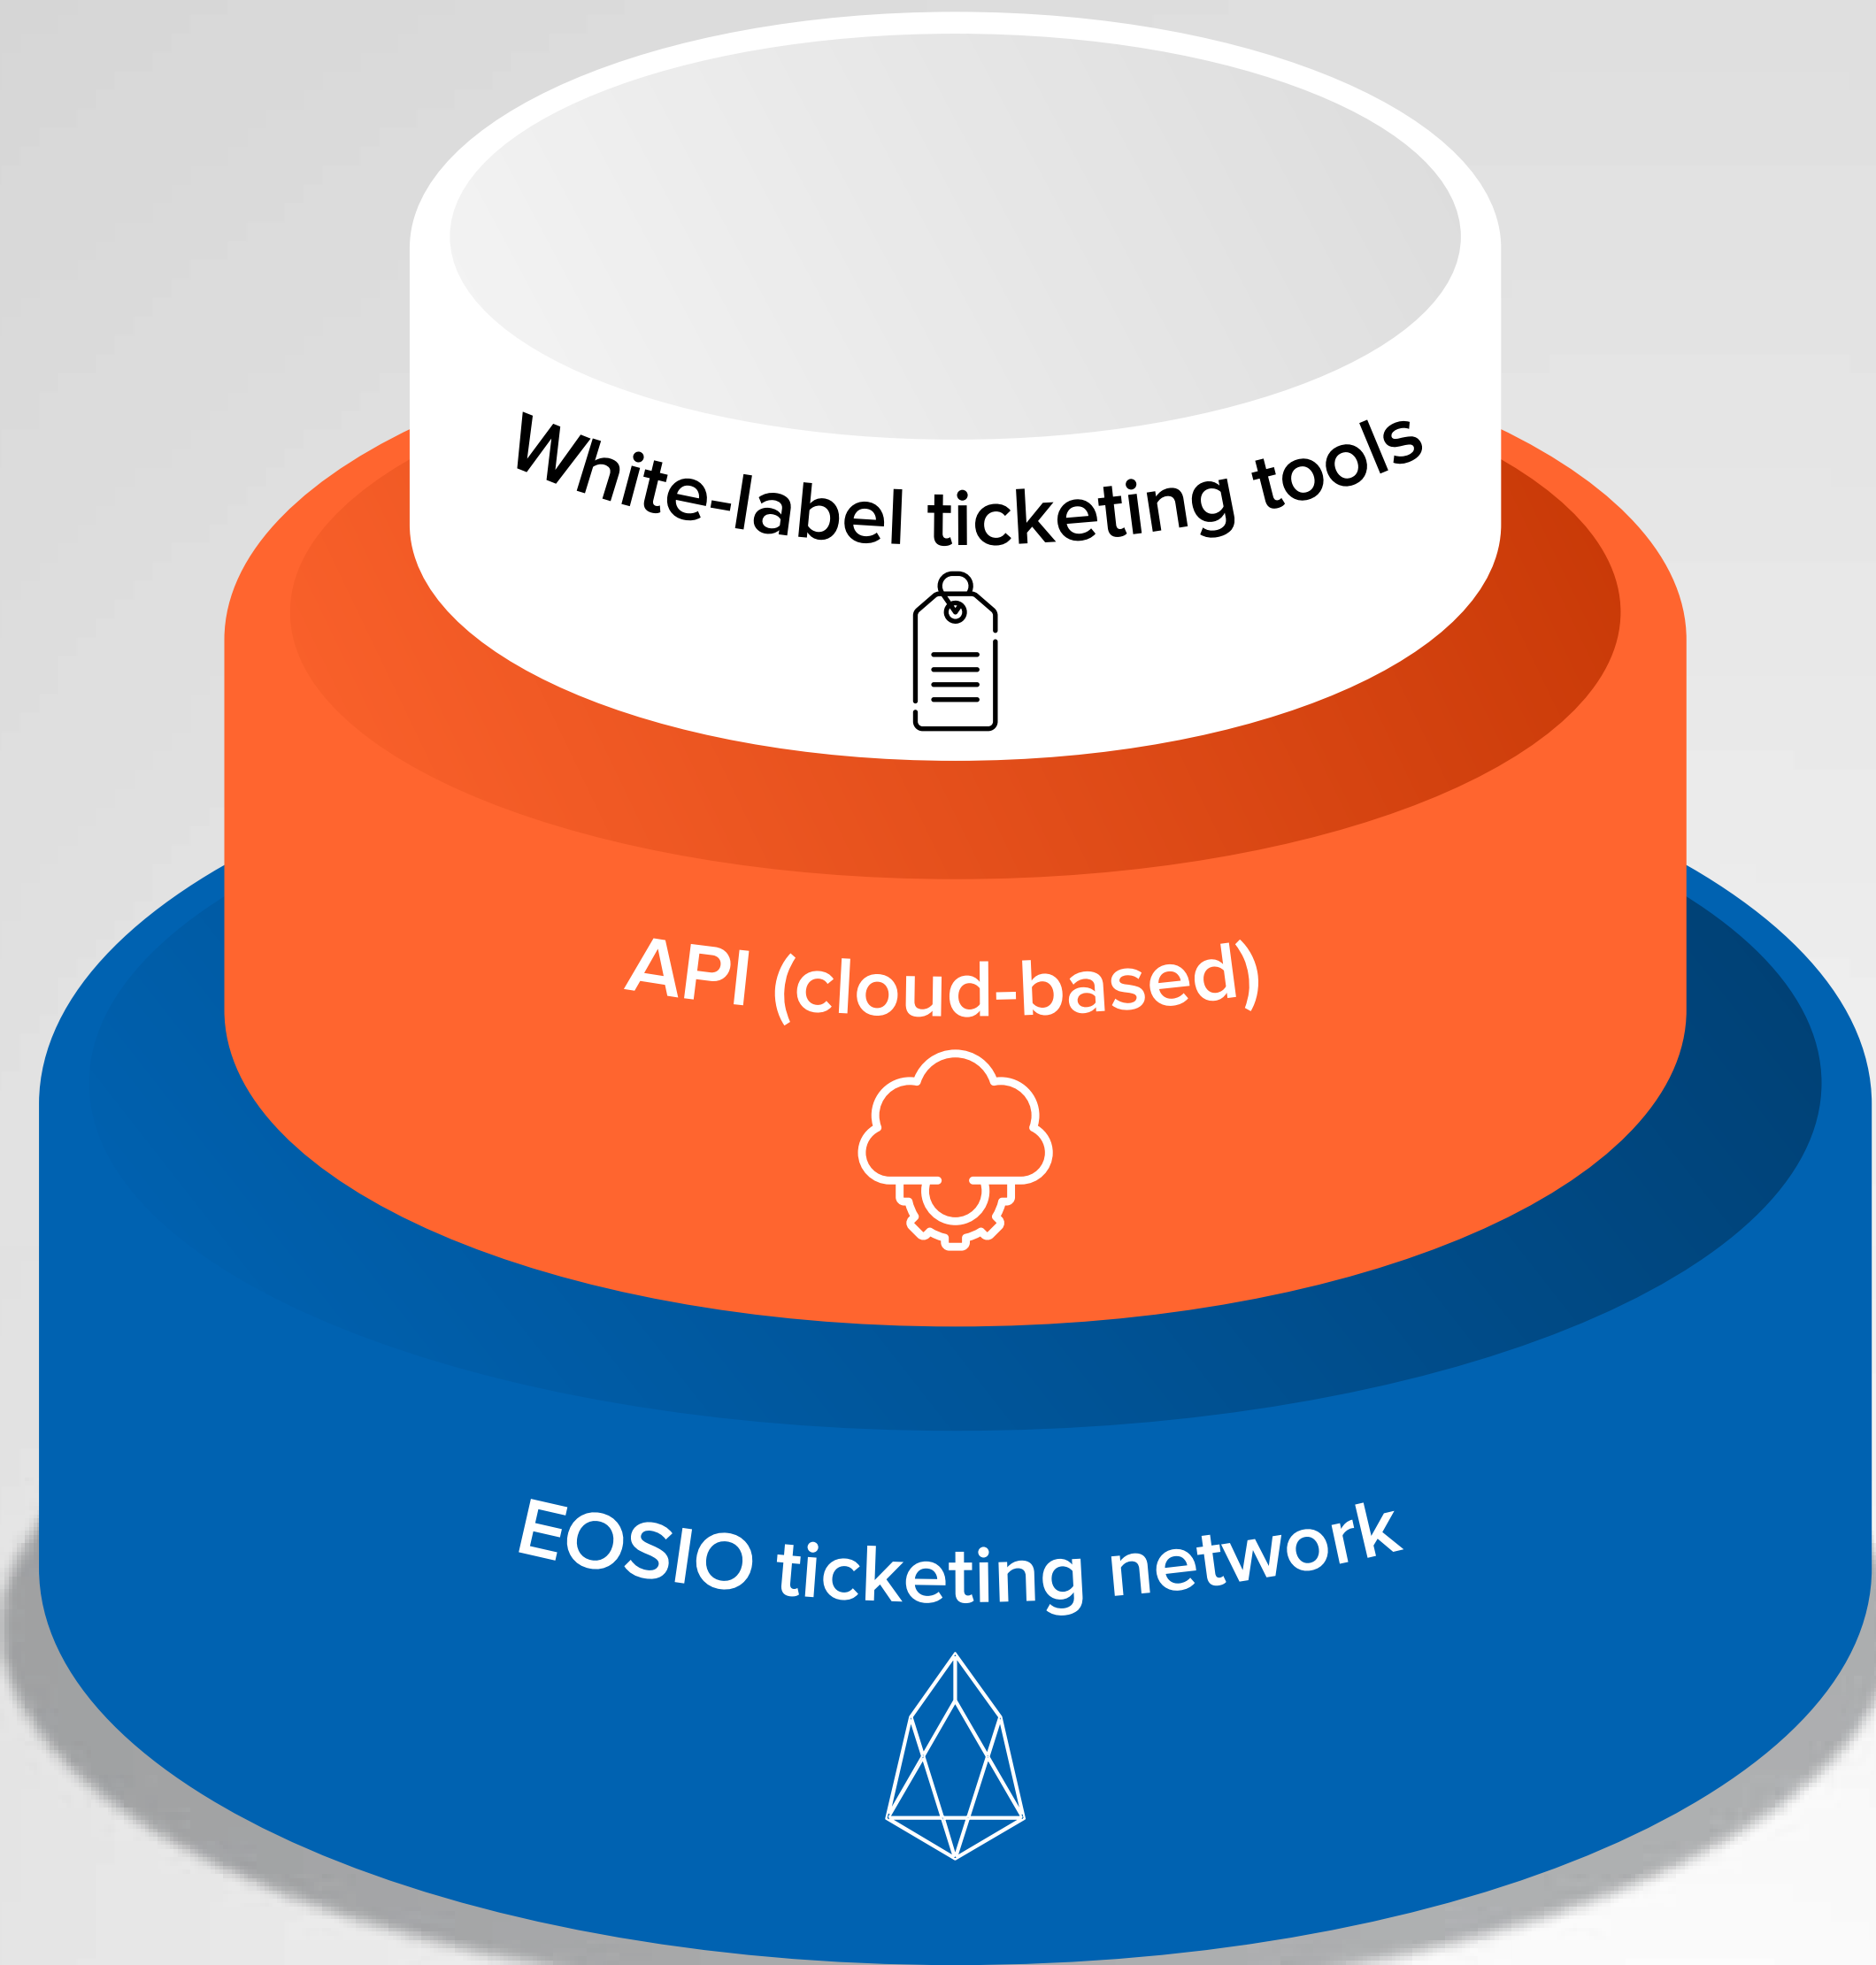

➔ Targeted marketing

➔ COVID-19 tracing

➔ Compliance with regulations
(combined with KYC)

API

NFT **transactions** can
take place **in fiat** (Euro,
USD, etc) or crypto
(ETH).

No gas fees for issuing,
redeeming and exchanging NFTs
within the app's marketplace
(private EOSIO blockchain).

Users can connect their metamask
and **withdraw** (mint) their **NFTs on
Ethereum** (subject to gas fees),
enabling interoperability with
other NFT marketplaces.

Expand Withdraw NFT
functionality to more public
networks (eg. Solana,
Avalanche, layer 2s)

Increase revenue for event organizers / NFT creators:

Further monetize their fan base, by upselling NFT collectibles for an extra charge.

Increase their sponsorship revenues, by adding sponsors to the NFT collectibles.

Royalties from every NFT resale. For event organizers - continued monetization even after the event is over.

Improve fan experience:

Ticket and other NFT collectibles on steroids vs boring plain qr code digital tickets.

Monetize their event attendance and “fanship”/loyalty, by reselling their exclusive collectibles.

Personalised offers and/or rewards.

Utility NFT supply increased **>41%**

NFT utilities are a growing market for the year ahead.

The **secondary market** represents almost **80%** of the total value in circulation.

Launched in October 2019
