- Long Range Planning

Committee Support

Deputies

- Each committee is seeking one or more deputies
- An opportunity to lead a major committee initative
- Gain the experience and understanding for becoming a future Board member

Members

- An opportunity to contribute and have an influence on the direction of the committee
- Become a resource to achieve the Chapter and Committee objectives
- Learn more about the Chapter and serving on an industry voluntary board

Membership & Scholarship

Objectives

- Grow membership
- Create awareness of the Houston and Global ISACA Organization
- Promote the value of an ISACA membership & pursuing the profession
- Gain understanding of the memberships interest and represent those to the Board and Committees
- Work closely with Programs and She Leads Tech
- Establish and grow College and University chapters
- Manage a scholarship program for those seeking to enter the field
- Launch a mentorship program
- Members in Transition

Communications and Sponsorship

Objectives

- Improve membership communications
- Create the GHC website to be viewed as a resource to members
- Bring visibility and value to the membership about the membership (Over 2100 members)
- Promote the value of sponsoring GHC ISACA initiatives
- Increase the resources available to support more in-person events
- Provide resources to award more and more valuable scholarships

Certification

Objectives

- Increase number of available certified trainers
- Seek to develop and make available online training and continue education
- Create interesting content and training delivery
- Increase the recognition of the value of the certifications
- Create a portfolio of training and certificates associated with our micro-scholarships
- Stay aligned and lead where possible on the evolution of ISACA training and certifications

Programs & Events

Objectives

- Create a forum for our members to network and develop long lasting professional and personal relationships
- Our program content is valuable to the advancement of our member's career
- Create a forum for our members to share their expertise and experience
- Increase participation in online events (50%)
- Increase participation in in-person events (10-20%)
- Increase the number of in-person events (2=> 4)
- Attract international speakers and topics
- Create interest in our topics to be presented in other chapters
- Our events are a favored event for sponsorship

Objectives

- Create a forum for women considering entering into the fields of audit and cybersecurity to explore the profession
- Create a source for growing Chapter membership
- Create a network for women seeking to find peers or a mentor
- Make visible potential career paths and job opportunities
