

## Increase your chances of passing ISACA's four core certifications

18<sup>th</sup> to 20<sup>th</sup> September 2019  
20<sup>th</sup> to 22<sup>nd</sup> November 2019

9<sup>th</sup> to 11<sup>th</sup> October 2019

4<sup>th</sup> to 6<sup>th</sup> December 2019

On request

ISACA Central UK Chapter is again running our successful ISACA Certification exam preparation course. Whilst the courses are designed to prepare the delegate to take the relevant exam, they also provide a good introduction to the subject area.

The course is run by the ISACA Central UK Chapter and as such, is priced to provide good quality education to our members, at a cost-effective price as a benefit to our members. With the closer cooperation between the UK and Ireland Chapters, the Central UK Chapter has now extended this benefit to the members of all the UK and Ireland Chapters.

We use ISACA International's course materials and the course leader is accredited by ISACA International to provide training for ISACA's four course certifications.

**We also limit the number of course delegates to 10**, to provide a more focused learning environment.

In addition, we provide hints and tips on passing the exam throughout the 3 days, spotting the likely answer to questions etc. We also use group case studies to reinforce the learning, where appropriate.

At the end of each Domain we go through some example exam questions, then on the last day, we do a mock half exam. This allows attendees to see where their strengths and weaknesses are in each Domain and where they need to do more revision. The mock exam also gives them an idea of timing, e.g. they normally find that they have much more time to answer each question than they thought.

We run the course at a good quality hotel, **Crowne Plaza Solihull, B91 3QD**.

The cost is **£595 + VAT for ISACA members** and £795 + VAT for non-members. **In addition, a colleague from the same organisation can attend the same course for just £400 + VAT for members** and £490 + VAT for non-members.

This cost includes the course material in electronic form, refreshments and lunch for the 3 days. We also provide additional material which can be referred to after the course, to extend the attendees knowledge.
