DSIT call for views: Cyber Governance Code of Practice

<https://www.thesasig.com/calendar/event/24-03-04-governance/>

Greater digitisation to drive the business strategy provides greater opportunities for malicious actors to exploit vulnerabilities in IT systems and disrupt operations, so governing digital and cybersecurity risk effectively is integral to organisations' competitiveness and business continuity. This requires directors to embrace and engage with cybersecurity, whatever size their organisation, and understand the risk that cyber incidents present to delivery of the business strategy.
