The Russia-Ukraine war: Where have we got to and what are the implications?

https://www.thesasig.com/calendar/event/22-11-21-intelligence/
It has been a while since we talked about the Russo-Ukraine War, as some commentators are now calling it, on the SASIG stage. Much has changed since our last webinar in May.

Cyber Essentials: Are you certified? If not, why not?

https://www.thesasig.com/calendar/event/22-11-25-collaboration/

Despite a consistent increase in the number of organisations being certified to Cyber Essentials, the proportion of the economy that is certified remains comparatively low. Why don’t organisations get Cyber Essentials, and what could be done to improve the uptake?

**Graduate Apprenticeship Programmes**

*Several universities are offering this opportunity - Happy to add them if they provide contact details*

**Glasgow Caledonian University**

The Graduate Apprenticeship Programmes including the Graduate Apprenticeship MSc Masters Cyber Security and the BSc Cyber Security both Programmes are fully funded and you need to be working in a security role in Scotland with a Scottish post code address

[https://www.gcu.ac.uk/study/graduateapprenticeships/](https://www.gcu.ac.uk/study/graduateapprenticeships/)

Ronnie Beattie would be delighted to hear from interested candidates for both Programmes

ronnie.beattie@gcu.ac.uk and 0771 4715286

**The Robert Gordon University Graduate Apprenticeship in MSc Cyber Security**

The 18-month fully funded course consists of four taught modules and a capstone project. It has two start dates (September and February) and is available to applicants who are employed in a role related to the course of study, and who have the right to live and work in Scotland.
The course is delivered primarily online, in addition to an on-campus workshop per taught module.
