SASIG Webinars

Monday 4 July 2022, 11am-12noon (BST)  
Every cloud has an unsecure lining  
https://www.thesasig.com/calendar/event/22-07-04-resilience/
cloud misconfigurations provide threat actors with a further wealth of useful intelligence to later leverage in targeted attacks against us. In this webinar, we will assess some of the most common issues, share how to educate your organisation, and take a look at open-source intelligence techniques for red-teamers and bug-bounty hunters to use in future engagements.

Wednesday 6 July 2022, 2pm-3pm (BST)
Members Only – Website Registration Required

Improve your memory for professional success - Learn from the world’s leading memory skills expert

https://www.thesasig.com/calendar/event/22-07-06-evening/

In this fun and interactive presentation, US Memory Champion, Chester Santos – ‘The International Man of Memory’ – will help you build life-changing skills to greatly enhance your professional development and lifelong learning.

Friday 8 July 2022, 11am-12noon (BST)

How to turbo-boost your organisation’s cybersecurity performance

https://www.thesasig.com/calendar/event/22-07-08-metrics/

The largest global cybersecurity benchmarking study, ‘Cybersecurity solutions for a riskier world’, examines the cybersecurity investments,
We’ll examine the findings and discover:

- The top causes of significant breaches over the last two years.
- Why investments in modelling and auditing are essential to understanding exposure.
- How a risk-based approach can help turbo-boost your organisation’s cybersecurity performance.

Graduate Apprenticeship Programmes
Several universities are offering this opportunity - Happy to add them if they provide contact details

Glasgow Caledonian University
The Graduate Apprenticeship Programmes including the Graduate Apprenticeship MSc Masters Cyber Security and the
BSc Cyber Security both Programmes are fully funded and you need to be working in security role in Scotland with a Scottish post code address

https://www.gcu.ac.uk/study/graduateapprenticeships/

Ronnie Beattie would be delighted to hear from interested candidates for both Programmes
ronnie.beattie@gcu.ac.uk and 0771 4715286

The Robert Gordon University Graduate Apprenticeship in MSc Cyber Security

The 18-month fully funded course consists of four taught modules and a capstone project. It has two start dates (September and February) and is available to applicants who are employed in a role related to the course of study, and who have the right to live and work in Scotland. The course is delivered primarily online, in addition to an on-campus workshop per taught module.

For more details and to apply, please visit:
