SASIG Webinars

Monday 27 June at 11am (BST)

All Call Signs – Why suicide prevention is everyone's responsibility

<https://www.thesasig.com/calendar/event/22-06-27-welfare/>

Please join us for this very important session about supporting those in crisis and why suicide is not only a public health issue, but also a security one. We will learn about peer support networks and their work, common roadblocks faced by those wishing to support others, the principles of good mental health, and why we should all help prevent suicide and support recovery.

Wednesday 29 June at 11am (BST)

Managing risk: Security awareness in the virtual office

<https://www.thesasig.com/calendar/event/22-06-29-risk/>

You don't need to be told remote and hybrid working at scale are here to stay. Instead, we explore the tech trends, behavioural science, and societal drivers that help us make sense of security awareness in an increasingly virtual world... and office.

Friday 1 July 2022, 11am-12noon (BST)

How to consider policies and procedures when implementing effective risk management

<https://www.thesasig.com/calendar/event/22-07-01-risk/>

Having looked at how governance affects risk management in his **previous session**

<https://www.thesasig.com/calendar/event/22-05-23-risk/>

Tom will be back to discuss how policies and procedures also impact implementing effective risk management.

The use of data, particularly personally identifiable information, has enormous commerce potential but also the risk of abuse.

In this session, we will look at:

- The governance outputs from regulation, industry, ethics, and culture.
- Considerations towards our policies and procedures, training, education and sanctions, together with the controls and metrics.

Graduate Apprenticeship Programmes

Several universities are offering this opportunity - Happy to add them if they provide contact details

Glasgow Caledonian University

The Graduate Apprenticeship Programmes including the Graduate Apprenticeship MSc Masters Cyber Security and the BSc Cyber Security both Programmes are fully funded and you need to be working in security role in Scotland with a Scottish post code address

<https://www.gcu.ac.uk/study/graduateapprenticeships/>

Ronnie Beattie would be delighted to hear from interested candidates for both Programmes

ronnie.beattie@gcu.ac.uk and 0771 4715286

The Robert Gordon University Graduate Apprenticeship in MSc Cyber Security

The 18-month fully funded course consists of four taught modules and a capstone project. It has two start dates (September and February) and is available to applicants who are employed in a role related to the course of study, and who have the right to live and work in Scotland. The course is delivered primarily online, in addition to an on-campus workshop per taught module.

For more details and to apply, please visit:
