Security Panel Quarter 1 2023
UK Cyber 9/12 - Designing the next generation of cybersecurity leaders

The UK Cyber 9/12 Strategy Challenge is an annual competition for university students, run by the cybersecurity community and designed to foster the next generation of cyber policy and strategy leaders. With help from an academic coach, teams of four compete in developing national security policy recommendations that tackle an escalating (fictional) cyber crisis.

Protecting the UK’s digital supply chains

[https://www.thesasig.com/calendar/event/22-12-07-supply/](https://www.thesasig.com/calendar/event/22-12-07-supply/)

As 2022 comes to an end, we replay one of the most popular webinars we held this year – a discussion with DCMS on managing digital supply chains, and what the UK Government is doing (and could do) to support organisations.

Friday 9 December 2022, 11am-12noon (GMT)

How to change security behaviour: Step by step, pictures and everything

[https://www.thesasig.com/calendar/event/22-12-09-awareness/](https://www.thesasig.com/calendar/event/22-12-09-awareness/)

Changing security behaviours isn’t easy. For the most part, it’s grossly misunderstood: awareness of something doesn’t translate to behaviour change. Join CybSafe to break down the components, steps, and processes needed to change security behaviours in the workplace – pictures included!

**Graduate Apprenticeship Programmes**

*Several universities are offering this opportunity - Happy to add them if they provide contact details*

Glasgow Caledonian University

The Graduate Apprenticeship Programmes including the Graduate Apprenticeship MSc Masters Cyber Security and the BSc Cyber Security both Programmes are fully funded and you need to be working in security role in Scotland with a Scottish post code address

[https://www.gcu.ac.uk/study/graduateapprenticeships/](https://www.gcu.ac.uk/study/graduateapprenticeships/)

Ronnie Beattie would be delighted to hear from interested candidates for both Programmes
The Robert Gordon University Graduate Apprenticeship in MSc Cyber Security

The 18-month fully funded course consists of four taught modules and a capstone project. It has two start dates (September and February) and is available to applicants who are employed in a role related to the course of study, and who have the right to live and work in Scotland. The course is delivered primarily online, in addition to an on-campus workshop per taught module.

For more details and to apply, please visit:
