SASIG Webinars

Monday 3 April 2023

9.30am – 3pm (BST), In person – Central London

10am – 2.15pm (BST), Live stream – via Zoom

Risk, Resilience and Cyber Insurance

<https://www.thesasig.com/calendar/event/23-04-03-risk/>

Opening keynote: Cybersecurity landscape, trends and threats

Threat intelligence briefing: The state of cybercrime

Panel session: Understanding risk

Quantifying human risk and its impact on resilience

How a banking crisis turned into a golden opportunity for business email compromise attacks

Panel session: Is the current model of cyber insurance sustainable?

Tuesday 4 April 2023

In person – Central London 9am – 12noon and 1pm – 4pm (BST)

Decisions & Disruptions

<https://www.thesasig.com/calendar/event/23-04-04-tabletop/>

Metropolitan Police Service's (MPS) unique 'Decisions & Disruptions' tabletop exercise in person. We are running two sessions of this immersive experience, but due to its nature, places are strictly limited.

Wednesday 5 April 2023, 11am-12noon (BST)

Shift left, done right: Five obstacles to secure coding and how to overcome them

<https://www.thesasig.com/calendar/event/23-04-05-resilience/>

One of the most common ways that security compromises occur is through exploitation of some form of software vulnerability. This is leading many organisations to embrace the concept of ‘shifting left’ – or introducing security practices much earlier in their software development lifecycle. It’s a great idea. But like many new cybersecurity ideas, it has a lot of hype and misconceptions surrounding it. Join us as we take a closer look at this concept, identify some of the common stumbling blocks that organisations are encountering with it, and lay out a blueprint for shifting left... right.

Events return on Wed 12th April

Future Event

Thursday 4 May 2023 9.30am – 3pm Birmingham In Person
Midlands SASIG In collaboration with BT and ISACA with contributions from the West Midlands Cyber Resilience Centre, ROCU and DSIT.

<https://www.thesasig.com/calendar/event/23-05-04-midlands/>

All SASIG events operate under Chatham House Rule and there is no charge to attend. Refreshments for the day are also kindly provided by our hosts.

Opening Keynote: Resilience – what impacts organisations?

Ransomware – Should I pay, or should I go?

Panel session: The challenge with supply chains

A presentation by SentinelOne

Nudging our way towards successful cybersecurity awareness training

Cyber Forensics: Who did what to you and how

Panel Session: Building your organisations resilience: What’s there to help

Graduate Apprenticeship Programmes

Several universities are offering this opportunity - Happy to add them if they provide contact details

Glasgow Caledonian University

The Graduate Apprenticeship Programmes including the Graduate Apprenticeship MSc Masters Cyber Security and the BSc Cyber Security both Programmes are fully funded and you

need to be working in security role in Scotland with a Scottish post code address

<https://www.gcu.ac.uk/study/graduateapprenticeships/>

Ronnie Beattie would be delighted to hear from interested candidates for both Programmes

ronnie.beattie@gcu.ac.uk and 0771 4715286

The Robert Gordon University Graduate Apprenticeship in MSc Cyber Security

The 18-month fully funded course consists of four taught modules and a capstone project. It has two start dates (September and February) and is available to applicants who are employed in a role related to the course of study, and who have the right to live and work in Scotland. The course is delivered primarily online, in addition to an on-campus workshop per taught module.

For more details and to apply, please visit:
