Glasgow Dates for your diary - links in future mailing

Innovation Workshop Series Oct 6th, Nov 3rd, Jan 19th, Feb 2nd, Mar 2nd

“every event is uniquely worthwhile – they are self contained events so no prior experience required “

Security Panel Quarter 1 2023

SASIG Webinars

Monday 7 November 2022, 11am-12noon (GMT)

Operational resilience and cyber: How to build resilient organisations

https://www.thesasig.com/calendar/event/22-11-07-resilience/
Resilience is vital in organisations because it can help mitigate the wide range of impacts from a cyber attack – from the physical, economic and reputational harm on the organisation to the psychological harm on your employees. If your people are not resilient, then neither is your system. Join us to find out how you can build team resilience in your organisation.

Tuesday 8 November 2022, 10am-1pm (GMT)

Best practice in raising cybersecurity awareness across large organisations

https://www.thesasig.com/calendar/event/22-11-08-awareness/

An increasing body of research indicates that many cybersecurity measures are not effective because they are either ignored, bypassed or incorrectly implemented. But intuitively many of us already recognise this by the examples seen daily in the press of serious security data breaches and cybercrimes. Whatever we are doing is not entirely working.

Wednesday 9 November, 11am-12noon (GMT)

Identifying your IT and OT weaknesses before the bad guys do

https://www.thesasig.com/calendar/event/22-11-09-resilience/

Maintaining availability has traditionally been the primary goal when managing operational technology environments, but
hackers are increasingly exploiting inadequate security controls to wreak havoc on organisations.

Friday 11 November 2022, 11am-12noon (GMT)

Cyber Scotland Week 2023 - Bringing cyber to the community

https://www.thesasig.com/calendar/event/22-11-11-collaboration/

Join us as we delve into the exciting events taking place virtually and in person across Scotland during Cyber Scotland Week 2023.

Graduate Apprenticeship Programmes

Several universities are offering this opportunity - Happy to add them if they provide contact details

Glasgow Caledonian University

The Graduate Apprenticeship Programmes including the Graduate Apprenticeship MSc Masters Cyber Security and the BSc Cyber Security both Programmes are fully funded and you need to be working in security role in Scotland with a Scottish post code address

[https://www.gcu.ac.uk/study/graduateapprenticeships/](https://www.gcu.ac.uk/study/graduateapprenticeships/)
Ronnie Beattie would be delighted to hear from interested candidates for both Programmes
ronnie.beattie@gcu.ac.uk and 0771 4715286

The Robert Gordon University Graduate Apprenticeship in MSc Cyber Security

The 18-month fully funded course consists of four taught modules and a capstone project. It has two start dates (September and February) and is available to applicants who are employed in a role related to the course of study, and who have the right to live and work in Scotland. The course is delivered primarily online, in addition to an on-campus workshop per taught module.

For more details and to apply, please visit:
